

RALPH
McGILL'Staggering,'
'Indefensible'

If there is a "new Eisenhower," as is again being suggested, it is in the field of communication.

The President made the people understand what he was talking about in the field of inflation by using simple symbols and illustrations of what happens to pensions and insurance.

He has repeated this success with the problem of agriculture. Despite the eternal condemnation of Ezra Taft Benson, secretary of agriculture, the once powerful farm bloc is disintegrated and the senators from farm states have been completely unable to produce neither a plan nor a united front. The cotton states senators and those from the wheat states do not see eye to eye.

The President scored heavily with the people by telling them the story in terms they could understand. Secretary Benson backed him up.

Basic Facts

The President, with the secretary amplifying, told the people these basic facts.

1. Farm surpluses are a multi-billion-dollar problem. The taxpayer pays an unnecessary bill.

2. The bill is unnecessary because much of the cost is going to pay for farm products which never should have been grown in the first place.

3. These unnecessary crop surpluses are planted with the knowledge, and intent, that the crops will not go to the market but will be bought by the government and stored.

4. The benefits go chiefly to about 10 per cent of the farmers. The big corporation and syndicate farm owners are reaping the benefits originally intended for the small farmer.

Mr. Benson sings the bass to the President's melody.

"Staggering," he says of the costs.

"Indefensible," he shouts, as he describes the growing of unnecessary crops.

He estimates the taxpayer is being stuck for \$1,000,000,000 a year for storage alone, if the transportation and interest costs are added.

Recently Mr. Eisenhower went to great lengths to remind the Congress how many times he had implored them to produce a plan for wheat—which is the worst of fender in surpluses.

Cost of the farm program, which essentially is one of surpluses, is approaching the staggering and almost indefensible sum of \$10,000,000,000 per year.

Secretary Benson, who may be wrong, nonetheless looks better and better. He says the program is wasteful, reckless and unworkable. His opponents can only sputter. They, themselves, admit it is wasteful and that it does not work.

Home Market

Sen. Humphrey, of Minnesota, has a plan to throw the crops on the home market to reduce food prices—with the taxpayer footing the subsidy bill. Secretary Benson says this would be "astronomical" in costs so that the taxpayer might buy hamburger steak at two cents less per pound and pay several dollars more in taxes.

But what is not yet apparent in much of the talk about farm problems is the one essential fact. It is that most of America's people now live in cities or towns. They feel the food costs. The real practical power in the complex tangle of farm surpluses, quotas, and farm-banked acres, is shifting to the urban population. This is the real reason why the once formidable farm bloc muscles are flabby and why leaders of both parties are looking nervously over their shoulders—"The goblins will get you if you don't watch out."

The slow, but irresistible, movement of population from farms to cities and towns has changed the farm problem from a nonpartisan one to a bawling, angry partisanship.

The public knows the farmer has a peculiar and difficult role. He is subject to weather and pests. But the public is weary of Mr. Eisenhower and Mr. Benson. It is angry because surpluses are unnecessarily expanded. It wants Congress to quit stalling and act in the public interest.

That is too much to expect. But let none be so careless as to fail to see that both Mr. Eisenhower and Secretary Benson have "communicated."

Tough Rights
Bill Passes
House BodyBy ALBERT RILEY
Constitution Washington Bureau

WASHINGTON—A House subcommittee approved a tough civil rights bill Wednesday while a Senate subcommittee was moving in the opposite direction.

The all-Northern House Judiciary subcommittee, headed by Rep. Celler (D-N.Y.), reported out a bill that would give the attorney general broad powers to enforce school desegregation and prosecute other civil rights cases.

Meanwhile, a Senate Judiciary subcommittee that includes three

Rep. E. L. (Tic) Forrester blames Democrats for rights agitation. Page 28.

Southerners, voted to kill all proposals in several pending bills that would give such powers to the attorney general.

Although the Southerners on both sides of Capitol Hill will fight a delaying action, Wednesday's actions indicated that during this session of Congress, the House likely will pass a pretty tough bill which will then be modified in the Senate.

This would be somewhat of a repetition of the 1957 civil rights struggle in which the Senate pulled some of the sharper teeth from the House-approved bill.

Advocates of strong civil rights measures in the House subcommittee pulled a maneuver designed to get both Republican and Northern Democratic support on the floor.

They approved in full a civil rights bill proposed by the Eisenhower administration and added to it the provisions giving the attorney general enforcement powers.

Rep. McCulloch (R-Ohio) had introduced the milder administration bill. But when the subcommittee added the attorney general's enforcement powers to the bill, Rep. Celler then signed it as a bi-partisan measure.

It will be known as the Celler-McCulloch bill so as to appeal to both the Republicans and Northern Democrats.

The enforcement provisions are

Housing Bill
Goes to Ike;
Signing Seen

WASHINGTON (UPI)—The House gave final congressional approval Wednesday to a bill which would increase GI mortgage rates and expand direct housing loans to veterans. It now goes to President Eisenhower, who was expected to sign it with some misgivings.

The legislation, approved by voice vote, was tailored to avoid a veto. Eisenhower opposed enlarging the housing loan program, but Democrats believed he would swallow it in order to get the mortgage ceiling increase.

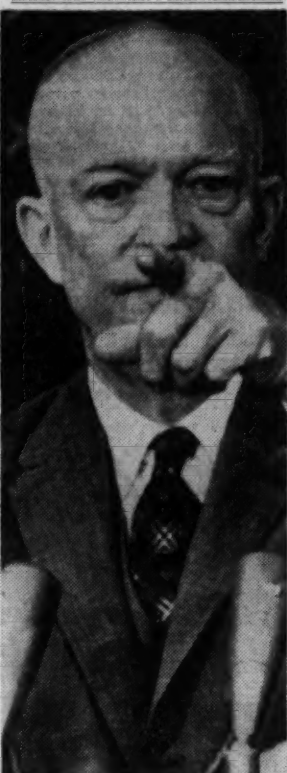

The bill, previously passed by the Senate, would permit lenders to charge 5 1/4 per cent interest on mortgages guaranteed by the Veterans Administration. The ceiling now is 4 1/4 per cent, well below FHA and conventional rates.

The measure also would authorize an additional 100 million dollars for direct housing loans by the VA.

Then he watched his kid brother being carried away on a stretcher to St. Luke's Hospital where he died on the operating table 90 minutes later.

The surrender came at 8:50 a.m. nearly 48 hours after the brothers had robbed a package store of \$50 and retreated to their woodland hideout with the loot. William died at 10:20 a.m.

A list of major crimes is charged to the brothers. State Police Lt. Michael Cullinane said John told him they had vowed to shoot "anyone who gets in our way."

POINTS TO NEWSMAN
President EisenhowerIke Shelves
A Condition
Of Summit

By DOUGLAS B. CORNELL
WASHINGTON (AP)—President Eisenhower seemingly shifted diplomatic stance a bit Wednesday and omitted progress toward solving the Berlin crisis as an essential prelude to a summit conference.

That appeared to open up the possibility of face-to-face negotiations with Soviet Premier Nikita Khrushchev on such other issues as disarmament and halting nuclear tests.

But the White House insisted there has been "no change of policy, no retreat," no appeasement. Press secretary James C. Hagerty said of the President: "He won't go to any summit conference under any threat regarding Berlin."

In any event, Eisenhower saw prospects for such a conference as no brighter than they were two weeks ago.

Of the foreign ministers conference in Geneva, he said there seems to be "if not an impasse, an unredeemable to discuss things that could be classed as giving us possibilities for fruitful negotiations at the summit."

The President rejected any idea that he and other Western leaders should rush into conference with Khrushchev "every 30 days or so" to try to settle problems which their foreign ministers have been unable to resolve.

Eisenhower rejected another type of conference, too—a domestic affair that would bring management and union leaders in the

GENEVA—Soviet Foreign Minister Gromyko postponed a showdown in the faltering foreign ministers' conference Wednesday for at least another 24 hours.

In a 30-minute restricted session, he made some preliminary objections to the Western powers' latest and assertedly final proposals for a Berlin settlement.

But he requested another restricted session Thursday. The allies were assuming Wednesday night that he will have received instructions from Moscow by then on how to answer. The Western powers have publicly expressed their readiness to break off the conference if the answer adds up to a complete rejection.

CHANGES ATTITUDE

The Soviet minister's reported affability Wednesday, in contrast to his dour attitude of the past few days, was seized on by some delegates as indicating a new and more optimistic phase was about to begin.

Western proposals, Gromyko said, retain the occupation statute for Berlin, do not change the status of West Berlin and make no effort to meet Soviet requests for a reduction of the 11,000-man allied garrison in West Berlin to "symbolic" numbers.

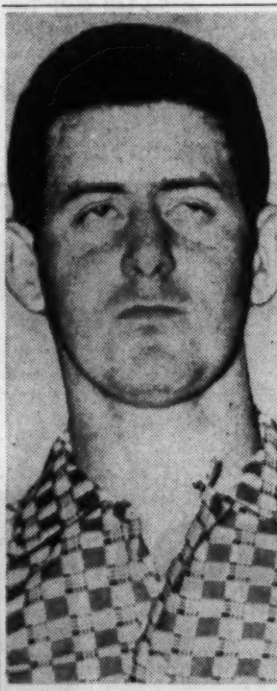

According to Western sources, both Secretary of State Herter and Lloyd asserted that the proposals represented an earnest effort "to change the character" of the Berlin situation to meet previous Soviet objections to a continuation of the occupation statute.

RIGHTS IN BERLIN

And Maurice Couve de Murville of France reminded Gromyko that the proposals made no mention of the allies' rights to be in Berlin, rights that the Soviet minister has recognized during the conference.

This deliberate refraining from specifying allied rights in Berlin was one of three major concessions in the Western proposals as they were outlined Wednesday by Andrew H. Berding, the United States assistant secretary of state for public affairs.

The others were acceptance of the East Germans as Soviet agents in controlling traffic with Berlin and an undertaking that the garrison in West Berlin would not be armed with atomic weapons.

CAPTURED ALIVE
John Coyle, After Brother DiedSchool Board to Submit
Desegregation Plan at
Right Time, Chief SaysPlaintiffs
Ask Quick
Compliance

Counsel for the Negro parents in Atlanta's desegregation suit said Wednesday they see no reason why the Board of Education cannot submit a desegregation plan soon.

The board has been studying plans for four years, they said.

"We are of the opinion that since the Board of Education has been studying the matter for four years and that the record shows that they have completed most of the studies proposed, we see no reason why they should not be prepared to submit to the court the plan in a very short time," the attorneys said.

They declined to specify what they meant by "a very short time."

'AUTHORIZED IN 1955'

Attorney for the plaintiffs, E. E. Moore Jr., said the studies referred to as mostly completed were authorized by resolution of the Board of Education in 1955.

Moore, chief Atlanta counsel for the National Association for the Advancement of Colored People, and D. L. Hollowell and Austin T. Walden, associate attorneys in the case, met Wednesday in Hollowell's office to study the order issued by Judge Frank Hooper and to discuss plans for writing the formal decree.

Prior to the meeting Moore told reporters that the drafting of the decree would probably take about "two or three days."

LATIMER DISAGREES

Asked for comment, Board of Education President A. C. Latimer said, "They are quoting their own contention and I disagree with the statement regarding the time the Board of Education has spent in studying the matter."

Latimer also said that he believes "Mr. Moore and his client, the NAACP, are doing the Negro people a great disservice in trying to push too far, too fast, too soon."

No final plans have been made by Moore and his associates for the formal decree which is based on the judge's order. However, Moore said that Hooper's desegregation order, issued Tuesday, "conforms reasonably" to their complaint entered in court.

The decree, ordered by the judge, will state whether Tuesday, will state whether Tuesday,

Swim Nearby

Constitution State News Service
SMYRNA—A 12-year-old Smyrna boy drowned in the city pool here Wednesday afternoon while some 200 persons swam nearby unaware of the tragedy.

The boy, Duane Ira Brown, son of Mr. and Mrs. M. M. Brown of 431 Medlin St., had gone to the pool with his father and two boys. Police said they didn't know how long the lad had been under water.

Wayne Hanbrick, swimming underwater with a snorkel unit, found the youngster. The boy was pulled from the pool and the Smyrna Rescue Squad tried unsuccessfully for 30 minutes to revive him. Funeral plans will be announced by Mays-Ward Funeral Home, Marietta.

A 28-year-old truck line employee described as extremely jealous of attentions shown his wife late Wednesday was fatally stabbed, police said, when he attacked a man more than twice his age. He had accused the older man of having talked to his wife, officers said they had learned.

Aubrey Newell, of 601 Washington St., SW, was stabbed twice in the chest and once in the left arm. Detectives W. B. Blackwell and J. F. Inman said he walked across the street, collapsed on the sidewalk and was pronounced dead there by a Grady Hospital physician.

Emanuel Noah Jones, 65, a retired steel worker who occupied another apartment at 601 Washington St., was held at city jail for suspicion of murder.

Jones said he moved into the Washington street apartment two weeks ago and had seen the Newells but did not know their names. He told police he had spoken to Mrs. Newell previously, but had not talked with Mr. Newell before.

Detectives said Newell was seriously injured Aug. 23, 1958, when he accused a man of having seen his wife.

In that instance, they said, Newell accused Henry W. Elmore, 49, of 454 Capitol Ave., SW, of having seen his wife and pulled Elmore's hair. They added Elmore slugged Newell with an iron pipe, inflicting a skull fracture.

Elmore was indicted Sept. 5, 1958, by the Fulton County grand jury on charges of assault with intent to murder, detectives related. They added he had not been brought to trial.

Witnesses TALK
Jones and several other witnesses gave this account of the stabbing, detectives said:

Mrs. Arlie Mae Newell, 27, and Betty Sue Dutton, 14, of 112 Richardson St., SW, a baby sitter at the Washington street address, were on the front porch when Jones walked out and sat down.

Newell came to the door and

Will Meet
To Weigh
An Appeal

By TED LIPPMAN

The Atlanta school board will submit a desegregation plan "at the proper time," board President A. C. Latimer said Wednesday.

Latimer also said the board will meet sometime next week to consider an appeal on the court order that was issued Tuesday.

The Tuesday order, by U.S. District Judge Frank Hooper, called on the city's school authorities to submit a desegregation plan in "a reasonable time."

U.S. court approves 12-year integration plan for Nashville schools. Page 5.

The board president said he did not believe the school board will defy a federal order to desegregate its schools.

"When it is determined that the ruling is final, I anticipate that the board will call together all concerned and begin work on making plans as ordered by the court," he said.

VANDIVER WARNS
While Latimer was making this statement, Gov. Vandiver issued a pointed warning at his press conference. "I would remind all that the laws of Georgia require (the closing of schools) should integration be ordered pursuant to federal Supreme Court decisions," the governor said.

Vandiver said he had confidence

Host to Gang Meeting Dies With Sealed Lips

JOHNSON CITY, N.Y. (AP)—Joseph Barbara Sr., 53, died Wednesday night, with the secret of the underworld convention at his home in Apalachin still intact.

Barbara suffered a heart attack May 27 at his present home in Endicott. He fell unconscious May 29 and was taken to Wilson Memorial Hospital here, where he died at 7:35 p.m.

He had suffered a heart attack prior to the notorious meeting of hoodlums at his palatial, hilltop home in Apalachin, near here, Nov. 14, 1957. Since then, he had evaded questioning by pleading illness. Many delegates to the meeting who have been questioned have maintained they visited Barbara only to see a "sick friend."

Investigators have described the gathering as a meeting of the Mafia, an underworld society that investigators have surmised that

topics discussed included traffic in narcotics and numerous other rackets.

Last month, it looked as though state investigators finally might question the silent gangland host. A State Supreme Court justice ordered Barbara, ill or not, to testify before the State Investigation Commission—an agency that has managed to jail some of the 60-odd delegates to the underworld meeting for refusal to disclose the reason for the meeting.

The only public appearance Barbara made after the gangland meeting was in Syracuse last month in U.S. District Court. There he pleaded innocent to a charge that he evaded payment of nearly \$40,000 in federal taxes.

House Bars Aid Slash By 2 Votes

Apparently Assures
Full \$3.6 Billion

WASHINGTON (AP)—A two-vote margin in the House Wednesday prevented foreign military aid from being slashed by 140 million dollars.

Close as it was, the 103-101 standing vote apparently assured passage, substantially intact, of the whole \$3,642,600,000 authorization for military and economic foreign aid. Votes on the actual funds will come later when separate appropriations legislation is offered.

Supporters and opponents of the program generally agreed that the \$1,440,000,000 military component of the authorization bill, which sets maximums, was the most vulnerable to reduction. As it came to the House for action, it had already been reduced by the Foreign Affairs Committee from the \$1,600,000,000 recommended by President Eisenhower.

BY REPUBLICAN

The amendment for further reduction was offered by a Republican member of the committee, Rep. Alvin M. Bentley (Mich.). He said military aid paid for by U.S. taxpayers was going to countries which taxed their own citizens at a lower level and spent more proportionately on domestic welfare programs.

However, bipartisan supporters of the program rallied behind the committee version. Before acting on Bentley's proposal, they defeated one by Rep. George S. McGovern (D-S.D.) to cut the military figure by 200 million. The vote was 107-87.

MOVE DEFEATED

A move to force the using up of committed but unspent balances from previous years before new money could be allocated also lost 109-36.

Decisively defeated, too, were two amendments to cut off all foreign aid spending that would increase the national debt or interfere with balancing the budget. Chairman Thomas E. Morgan (D-Pa.) of the Foreign Affairs Committee said these would in effect kill the program.

In the debate, Morgan assured his colleagues administration plans for mutual security include no military aid for the new, coup installed government of Cuba and Iraq.

Beulah Rips Into Mexico, Misses Texas

BROWNSVILLE, Tex. (UPI)—Tropical storm Beulah bored inland over the Mexican coast 210 miles south of Brownsville Wednesday night with heavy seas and lashing winds.

The New Orleans Weather Bureau said the south coast of Texas would escape the effect of the storm except for tides two or three feet above normal. Beulah, the second tropical storm of 1959, lost punch even before its doughnut-shaped center moved inland. Its 70-mile-an-hour winds had declined five miles an hour to 65, the New Orleans Weather Bureau said.

Late Wednesday the storm was centered about 60 miles northeast of Tampico and was drifting slowly westward.

The weather bureau lowered gale warnings in the Brownsville area and discontinued a hurricane watch on the Texas coast.

Gov. Earl Long

Long Slips Into Hospital On Return to Louisiana

NEW ORLEANS, La. (AP)—Gov. Earl K. Long of Louisiana came back to his home state from a Texas mental clinic Wednesday night, slipping into a rear door of Ochsner Foundation Hospital.

The governor, walking as rapidly as he could, ducked into an elevator that immediately shot to the fifth floor where he will be quartered.

The Air National Guard plane that carried Gov. Long from Galveston's John Sealy Hospital touched down at New Orleans' Moisant Airport at 7:11 p.m. The Long party quickly jumped into a black sedan and drove away.

On the plane were Mrs. Long, the governor's wife; his secretary, Wilma Lockhart, and Margaret Dixon, managing editor of the Baton Rouge, La., Morning Advocate.

Gov. Long intensified political tension by his firm reply to a question posed in Galveston as he left for New Orleans. He was asked if he would exercise the powers of governor. He nodded his head, then said:

"Yes, I will that."

Mrs. Long issued a brief statement in which she said Gov. Long had agreed to stay at Ochsner Foundation two weeks or longer.

"It took me all afternoon to arrange for his release," Mrs. Long's statement read. "He seemed anxious to enter Ochsner."

"He agreed to stay two weeks or longer, if necessary."

Dr. Allan Davis, hospital spokesman, said Foundation doctors already have talked with physicians at John Sealy Hospital in Galveston, where Gov. Long spent hectic days before winning his release.

The governor was under court detention at the request of his wife and other family members. Soon after Gov. Long entered

Steel Talkers Hopeful

NEW YORK (UPI)—Both industry and union representatives indicated Wednesday a desire to get down to business in negotiations aimed at averting a nationwide steel strike at midnight June 30.

David J. McDonald, president of the United Steelworkers of America, and R. Conrad Cooper, management's chief negotiator, showed a more friendly attitude than usual at a joint news conference held shortly after they had submitted a "progress report" to company and local union bargaining representatives at a private meeting in the ballroom of the Roosevelt Hotel.

The positions of McDonald and Cooper remained as firm as ever on the main issues, but Cooper said it was "good news" that a procedural issue, which had been blocking negotiations, had been resolved on a mutually satisfactory basis.

Tax-Hit Merchant Had Billed State for \$63,799 in Business

By BRUCE GALPHIN

A Dublin businessman assessed \$42,000 this week on back sales taxes was a sometimes vendor to the state who turned builder on one occasion to land a \$50,000 contract.

State Purchasing Dept. records showed Wednesday that T. H. Friedman sold the state \$63,799.36 in goods and services during a 22-month period in the Griffin administration.

The bulk of these receipts came in a \$50,000 award to Friedman Construction Co. for five 4-H cottages at Dublin.

The rest were paid to Friedman's Department Store, Dublin, one of a string of clothing stores on which the State Revenue Dept. said Friedman owes back taxes.

The 4-H cottages were requisitioned through the University of Georgia, which suggested three Dublin contractors who could be mailed invitations to bid.

Friedman was not among them.

He and a fifth man were added to the list by the Purchasing Dept.

Friedman and two contractors recommended by the university submitted bids. Friedman was low with \$50,000. Dublin Construction Co. bid \$72,016.00 and Willis & Eubanks of Dublin \$51,000.

The other two bids were mailed.

Friedman's was delivered by hand. It came in an envelope bearing a "Piedmont Hotel" inscription which had been scratched through. "Friedman Construction Co." was printed in with a ball-point pen.

Records of the Secretary of State's office show Friedman Construction Co. never received a corporation charter from the state.

Telephone number for the firm was the same as one of Friedman's clothing stores.

Most of Friedman's other sales to the state were clothing, blankets, shoes and like items for the Corrections department and the Milledgeville State Hospital.

On one order Friedman bid \$900 for 2,000 yards of flannel to be delivered to Reidsville State Prison. He overdelivered by 603 yards and was paid an additional \$271.35.

Bidding against Friedman for the flannel were J. Whiteley Walden of Louisville, currently under indictment in Fulton County for conspiracy to defraud the state; South East Sales Co., a winner of much state business during the Griffin administration; C. Goldstein & Sons of Milledgeville, a frequent bidder; and Slotin & Co. of Savannah. The Slotin bid had penciled figures and bore no signature, though the firm received orders for \$385 in turkish towel-

ing and \$285 in linen toweling on the same requisition.

637,000 Traveled To Europe in '58 At \$1,530 a Head

WASHINGTON (UPI)—A record 637,000 Americans visited Europe last year and spent 560 million dollars — more than in any previous year.

These travelers spent an average of \$1,530 each for their trip to Europe about the same rate as in 1957.

A report released Wednesday by the Commerce Department also showed that France was the most popular of the European countries, with visits from some 381,000 Americans. The United Kingdom was second with 338,000 visitors from the United States.

CHOIR SINGS IN SPAIN—BILBAO—Robert S. Lowrance (front and center) directs the 62-member North Fulton Choir at a performance in Bilbao, Spain. The performance was one of a series given by the choir in that city. The choir, which left for its Spanish tour in early May, is composed of singers from five North Fulton high schools.

Chinese Reds Shell Islands

TAIPEI, Formosa (AP) — Chinese Communist guns shelled both groups and 10 shells were lobbed on tiny Kaoteng Island in the Matsus 150 miles to the north. Kaoteng was heavily bombarded Friday.

Gainesville Is Awarded \$350,000

GAINESVILLE (AP)—The City of Gainesville was awarded \$350,000 Wednesday by a federal jury for roads inundated by Lake Lanier.

The city had sued the federal government for \$600,000 for loss of streets and roads to the lake. Court officials said earlier that action might begin in another suit against the government, claiming \$485,000 for loss of a creek to the big lake project.

City attorneys claimed the roads taken by the government were needed to avoid traffic congestion. They said money obtained through the suit would be used to replace them.

The government contended the roads were almost worthless—little used and in ill repair.

The creek suit was filed by Johnson and Johnson's Chicopee Mills, which contends it lost a place to dump waste when the government took five miles of the creek for the lake project. The firm said an eight-mile flow through the creek formerly purified the waste through oxidation.

The firm said the money would be used to build an industrial waste purification plant.

Last year, a similar suit for \$2,700,000 brought by Hall County resulted in a \$1,750,000 judgment.

Atlanta Firm Lands Huge Job in Alaska

Constitution Washington Bureau

WASHINGTON — Georgia senators were advised here Wednesday that the Army Engineers were to award an \$8,900,000 contract to an Atlanta firm for work in Alaska.

The Atlanta firm was listed as the Empire Gas Engineering Co. The contract will be for construction work on a power house at Clear, Alaska.

Legislature Is Key To Schools' Future

In the wake of Federal District Judge Frank Hooper's sane and completely cooperative decision with regard to the Atlanta schools, it is necessary for the people to understand and make up their minds.

Quite understandably, the political leaders, who long ago painted themselves into a corner, are now victims of this fact. They cannot, unless they are willing to risk their political careers, (which some in time may be), afford to abandon earlier positions taken. To do so would be to invite the worst of hypocrisy and demagoguery to run against them.

But the people can influence their legislators.

Judge Hooper's order enjoining the operation of a segregated system actually involved all schools. It said that a "segregated system" violates the 14th Amendment.

But Judge Hooper noted that neither the court nor the 1954 decision contemplated "flooding" any school. There is a constitutional screening plan called "pupil placement" which goes into the background of family, morals and scholarship. He assuredly did not intrude into the legislative field. He suggested the Atlanta board appeal to the Legislature.

Local option is possible. It would be a matter of good sense to allow Atlanta, which inescapably is under a court order, to see what it can do with the problem. This would buy time, so to speak, for the rest of the state.

The people have a right to know that the Georgia State Constitution specifically accepts the Federal Constitution as supreme. No state constitutional provision can have sovereignty over that of the nation's Constitution. The Supreme Courts of all states are bound to accept the constitutional interpretations of the U.S. Supreme Court.

The people also have earned the right to the truth. The only outside influences at work in the South are those set in motion by the court decision. The court decision will not disappear even if every lawyer in the state departed. It is, as one of our senators has said, "an accomplished fact."

The choice, after a year, will be whether to permit those local boards under court order to have the authority to try and work out a solution as so many Southern cities have done—Nashville, Charlotte, Louisville, Waco, Winston-Salem, Charlottesville, Norfolk—to name some which have done so.

Surely this is common sense. There can be, we believe, general agreement that the schools must be saved, whatever one may feel about the court decision.

Atlanta is under court order. It is the intelligent thing for the people to let their legislators know, before January, they will not punish them for permitting Atlanta to try and satisfy the law.

Let Meat 'Doctors'

Suffer the Consequences

We wish to join in the applause of Agricultural Commissioner Phil Campbell for his warning to those cheaters in the meat and restaurant business who doctor up hamburger meat to look fresh when it isn't. Inspectors will inspect and cases will be made against violators.

It seems that sodium sulphate and other preservatives are being added to ground beef, for meat loafs, and to hamburger meat, for sandwiches. Mr. Campbell has issued warnings to all who handle meat and we trust his inspectors will be vigilant.

It is difficult to understand why, beyond the familiar impulse of greed, meat and sandwich dealers should be willing to damage their customers by selling them impure meat.

They deserve punishment and loss of licenses.

Reds' Attack Threefold, Says CIA Chief Dulles

In a recent address in New Orleans, Allen W. Dulles, director of the Central Intelligence Agency, pointed out again that the Soviet Union is mounting an increasing global challenge in a threefold military, economic and subversive attack on the West.

He said that until Moscow and Peking abandon the principles of international communism "we must expect that their single purpose will be the liquidation of our form of free society and the emergence of a Sovietized, communized world order."

To promote their objectives the Communists are working with great sacrifice to develop a military establishment and a strong national economy which will provide "a secure home base from which to deploy their destructive foreign activities." They are thus devoting about twice

as much of their national product to military ends as does the United States.

Mr. Dulles warned that the Soviet policy of economic penetration "fits like a glove into their worldwide campaign of subversion. The U.S.S.R. has the largest number of trained agents for espionage and secret political action that any country has ever assembled."

All of which should remind us all that until aggressive communism relaxes its efforts, freedom will survive only as long as free peoples are willing to make the effort to counter aggression on any front and everywhere. Unless we are willing to devote whatever's necessary of power, skill and resources to our own preservation then we will surely be destroyed.

Daughters Should Listen To Ambassador Lodge

At its last annual meeting the DAR, or Daughters of the American Revolution, who likely would be horrified by many of those who fought in our Revolution if they appeared in the flesh, recommended the United States withdraw from the United Nations. The Daughters also condemned the Children's Fund because, they said, it helped Communist children. It should be noted there was healthy opposition to these moves, but a majority prevailed.

Now comes Henry Cabot Lodge, ambassador to the U.N., who asks for an opportunity to speak to the Daughters on these subjects. As of this writing they have not replied.

Lodge, who perhaps had more ancestors in the American Revolution than most of the Daughters, declares the Daughters' position to be one based on "virtually total misapprehension." This is a polite way of saying they didn't know what they were talking about.

The Children's Fund, Lodge pointed out gently, has helped starving children in 105 countries—only two of which are Communist-controlled. These are Yugoslavia and Poland. One is anti-Russian, and Poland, though controlled, is involuntarily in the Soviet bloc. These two countries received only 1 per cent of the money from the Children's Fund. Innocent children in 103 countries, free of such control, received 99 per cent of the money.

Again the Daughters didn't know what they were talking about. They owe it to Lodge to invite him to speak.

Why Should 'Friends' Have Tax Holidays?

"According to the information I get," said State Revenue Commissioner Dixon Oxford, "Friedman (a Dublin business man), quit paying all but a small percentage of his sales taxes right after Marvin Griffin went into office."

The case at issue is one in which the revenue commissioner has levied against the businessman for \$42,503 in back taxes, fraud penalties and interest.

The public may find this of interest. It is still another chapter of the many already revealed of the strange doings in the tax office in the past four years.

How many more "just about quit paying their taxes when Marvin went in?" Why would the Dublin friend be allowed not to pay while other citizens were required to pay?

The people who pay taxes don't enjoy it. When they suspect that cronies, or friends, are enjoying special privileges and not paying the taxes, they like it even less.

FCC Refuses To Relax Ruling That's Absurd

The Federal Communications Commission is being extremely unrealistic in its insistence that political candidates be allotted equal time on newscasts.

The absurd ruling puts radio and television stations in the position of having to interview every candidate or none, present the views of all or none, etc.

Inasmuch as it would be highly impractical—if not impossible in many instances—to allocate the same amount of news coverage to each person on the ballot, many newscasters conceivably would have little choice but to omit such coverage altogether. The public would be the ultimate loser.

The FCC ruling fails to take into consideration the fact that many an individual who gets his name placed on the ballot has no hope of being elected or any intention of conducting a serious campaign. Some are mere publicity-seekers, jokesters and even some who are generally regarded as crackpots.

Why jeopardize the public's right to hear from the serious contenders in order to create a forum for their opposites in whom there is little or no voter interest?

It is, as President Eisenhower said, a ridiculous situation.

"This the Place We Been Talking About, Pop?"

Pulse of the Public

Fathers Day Remembrances Are Urged For Milledgeville State Hospital Dads

Milledgeville—Once again we are reminded that Sunday, June 21, is Fathers Day. As we go about shopping for dad, may I appeal to and urge each of us to please remember the many fathers at the M.S.H. Visit them during the week, or if you cannot visit, send a Fathers Day gift and a nice card.

Let dad know that you still love and care for him. Your gifts and cards will be more than just "gifts and cards," they will be symbols and evidence of your love and devotion to your loved ones who are mentally ill. To remember dad on his day certainly will mean much toward his outlook on life.

I sincerely believe that our Heavenly Father will look down and smile upon us as we show our love for and pay tribute to our earthly fathers on this their special day.

JAMES C. HOGAN SR., Employee, M.S.H.

Georgian Supports Capital Punishment

Americus—I've read several times in your columns of people who do not believe in capital punishment. I certainly do. The Bible says he that taketh a life shall give him in return.

Our country has too many murderers who are supporting now—some killed as many as 11 times and some poisoned three or four. These people are murderers and have no right to live. I think most anyone will kill to protect himself or loved ones. That is different. And we will have more and more trouble with murderers until we wake up and give them full penalty for the murders committed.

I. F.

'Let Us Not Forget Freedom of Choice'

Tifton—Georgia and Atlanta face a grave crisis because of the integration ruling. If Georgians will look closely, they will note that segregation itself is constitutional, only segregation in public institutions is unconstitutional. Therefore there seems to be a connection between the ruling and taxation.

This being true, the state is only liable for not providing for an integrated school system. The simplest way to provide for this system is to pass a law declaring all Negro schools to be integrated schools. Any whites who wish to go would be sent to the nearest integrated school. The state

Milwaukee Journal

'Tough Teamster' Hoffa Fails To Bamboozle Courts

Says Jimmy Hoffa to a cheering crowd of Teamster Union members: "Judge us by what you are earning now compared with what you were earning before the union." Put another way, the union president is saying that any extra dollars in members' pockets should make them ignore hoodlums, shakedown, the thievery of Dave Beck and all the shady deals Hoffa and his pals have been party to inside the union and out.

Such a standard is contrary to all decency and morality. It holds that the ends justify the means, no matter how ugly, and that a fat paycheck is sufficient excuse for any conduct.

It ignores the fact that there are successful labor unions which also are decent. They handle members' dues and other funds honestly. They bargain with employers vigorously and effectively. They gain good pay and benefits for their members, and the members do not have to be ashamed of how the advantages were obtained.

would be complying with the Supreme Court's decision because an integrated school system would be supported with tax money. Freedom of choice is the basic foundation of our democratic form of government. When it is taken away, the government is a dictatorship or in this case an oligarchy.

ROGER YOUNG.

'Let Parents Warn Children of Lakes'

Marietta—June 12 you published news of the drowning of Mr. and Mrs. T. J. Cargile's son in White's private lake. We own a public fishing lake in Cobb just off Moon Station Road, also known as White's Lake. About 200 people (one estimated 300) came to our lake the afternoon the boy was drowned and since, asking if we were open again for public fishing.

We would like for The Constitution to publish this letter so the public will know the boy wasn't drowned in our lake, and public fishing goes on.

Parents should warn their children of the dangers around any and all lakes, especially where there are no lifeguards.

A. C. WHITE.

Synchronized Lights Desired by Salesman

Atlanta—Months ago in an editorial you praised the Traffic Dept. and also suggested that traffic lights be synchronized to a greater degree. I find little improvement during all this time. On many side streets you drive a block and stop for a red light and the same for the next block, etc.

And on many of the main streets considerable improvement in timing should be effected. Every traffic light should be so timed to facilitate and not to delay traffic.

A SALESMAN.

Why Should Public Tip the Waitresses?

Athens—Did you ever stop to think of the situation of a waitress?

Why does the public have to be responsible for part of the income earned by a waitress? I know of no other employment that is almost completely dependent on the public for support. Why don't the owners of dining establishments pay the waitresses a decent salary so that they can depend on a

regular income each week? This trend has gone on for years and the owners have been riding the "grave train" while the public paid the bills.

Tipping is all right in its place, but when you have to pay a high price for a meal, that should be enough. Ask some of the waitresses what they earn and you will be amazed. Only those that work where the tipping is heavy can make a decent living. I sincerely hope this situation can be changed for the benefit of the waitresses and general public. A steady income would improve the caliber of waitresses in general and eliminate those who are not fit to serve the public.

MRS. HELEN M. NEWTON.

When Florida Is 'Up North'

When on the map is up not North? When the map maker is an ingenious promoter for an oil company and he is dealing with a lot of folks headed south. I ran on to the "Upside-Down" map coming home from NYC last week. The design is for Northern tourists Florida-bound.

The explanation says many travelers turn the map upside down when destined south. So the "Upside Down" map is pointed the way they are headed. Every road to the reader's right is a right turn, every one to the left means turn left.

Why hadn't someone thought of that before? Because we are creatures bound by habit and the conventional. The premium is for being different—and right.

SANDLAPPER COWBOY: When does the South become the West? That is geographical question No. 2.

The answer is when they call the restaurant at Bennettsville, S.C., the Brandin' Iron. And the place mat features the "Rocking Chair," the "Swinging V" and Arthur Chapman's poem "Out Where the West Begins."

Back up the line in North Carolina, a billboard advertises the South of the Border Motel, "Pedro See Red If You Go Russian By."

South of the Border? Out Where the West Begins?

Perhaps the Carolinians do it on purpose, to confuse and lose the Yankees.

But there is no misinterpreting the sign on U.S. 301 in N.C., "Squeeze Right Into Single Lane."

IN THE MAIL: From Charlie Randall of Griffin a note relating word from Matt McWhorter and the Jekyll Island Authority that something highly acoustic is going to be done about the PA system in the Jekyll Auditorium.

OF ALL THINGS: June 11, Mrs. Laura Virginia O'Hanlon Douglas, who at 8 wrote the "Is There a Santa Claus?" letter, was given a retirement dinner after 43 years as a teacher and principal in Brooklyn.

I LIKE THIS: "If you're sure you're right, let the other fellow find it out at his leisure."—Wm. Feather.

Charles L. Allen

Man Is a Mixture Of Saint, Sinner

One of the ancient theological concepts of the Christian tradition is the doctrine of original sin. This doctrine is interpreted in many ways, although most interpretations suggest that all men, as children of Adam, share the depravity of their common ancestor and like him are divorced from the grace of God because of willful disobedience and rebellion against God.

We do not need to search far for evidence of man's sinfulness, whether inherent in our natures or acquired through our human environment. The doctrine of original sin is underscored by such references in the Bible as the following: "O wretched man that I am: who shall deliver me from the body of this death?" (Romans 7:24), and "Ye are of your father the devil, and the lusts of your father ye will do" (John 8:44).

But the doctrine of original sin does not speak the last word concerning man. Salvation is possible. We can be rescued from our fallen state. "As in Adam all die, even so in Christ shall all be made alive" (1 Corinthians 15:22).

Original sin is not a definition of our condition so much as it is a description. The doctrine is not stated expressly in the Bible and I don't imagine it can be called a Bible doctrine as such. It represents an effort to describe a condition, however, which the Bible illustrates in regard to man's character.

There is another ancient concept which should be placed in contrast to the doctrine of original sin. This is the doctrine of original righteousness, which is a theological way of saying that man also shares the nature of God. The story of the Creation af-

firms that man was made in the image of God. This means man is a manifestation of God and shares with God an appreciation and knowledge of truth and an understanding of what is good and right.

Sometimes the concept of original sin is emphasized so that the concept of original righteousness is almost obscured. We think so much concerning our relationship to Adam that we forget that God is our Creator and that God has left His signature upon our lives.

We are children of the Fall—to use a theological expression—but we are also children of the Creation. We are a strange combination of saint and sinner. To be human represents an age-old curse, but it also represents an age-long glory and blessing.

I do not think these concepts are worthy of our consideration only because they are old. They deserve our attention because they are a part of our daily experience right now.

We share Adam's disobedience and rebellion when we disregard God's purpose for our lives. Original sin is seen in our sinfulness. But we know we are children of God, made in his image, when we do that which is godly and when others see in our lives those evidences of God's creatorship in His human creatures.

Roscoe Drummond

Give Foreign Aid Economic Stress

WASHINGTON—The administration's mutual security program—military aid to our allies and economic aid to the underdeveloped countries—runs into a crisis year after year. The funds are cut every time. Support continues to decline. The outcome is always uncertain. This year there is more criticism, more opposition, more uncertainty.

If I read the temper of Congress correctly, President Eisenhower is going to have to support some major changes in emphasis and administration if he is going to avert the beginning of a serious calamity to a vital arm of the nation's defense and foreign policy.

Right now the mood of Congress is visibly on the side of three changes in substance and two changes in the procedure of operating the mutual security program.

The changes in substance would be:

1. More economic aid to underdeveloped countries.
2. More economic aid in the form of repayable loans and less in the form of grants or gifts.
3. Less military assistance—on the assumption that neither Congress nor the President would approve an increase of economic aid without a decrease in military aid.

The changes in procedure would be:

1. Increasing the development (repayable) loan fund, perhaps up to \$1,500,000,000 and authorizing the appropriation on a long-term basis so as to provide continuity and long-term planning.
2. Appropriating military assistance funds directly to the

Defense Department—where they can best be defended as essential to our own security—but increasing the authority of the secretary of state on policy.

Influential Democrats and Republicans are urging this course of action. The Democrats are doing so openly and they include strong friends of the program like Sens. Mike Mansfield, the assistant majority leader, and William Fulbright, chairman of the Foreign Relations Committee. The Republicans are doing the same thing behind the scenes because they are hopeful of bringing Eisenhower around to their view.

I have seen no convincing answer to the argument that we get more defense for every dollar we put into helping others expand their defense forces than we would by adding the same amount to our own military budget. But one must recognize that an impressive case has been made that, if a choice has to be made, the balance should be shifted to the economic side.

The way sentiment in Congress now is developing, it seems to me the President, if he doesn't support some shift in emphasis from military to economic aid, faces the prospect of losing on both fronts.

James Reston

Summit Prospects Still Look Good

WASHINGTON—Officials here do not rule out a summit meeting with the Soviets this year despite the stalemate and pessimism at the Big Four Foreign Ministers' Meeting in Geneva. It is true that President Eisenhower is not going to negotiate with Premier Khrushchev about Berlin so long as the Soviet Union puts a deadline on the solution of this problem, but Berlin is not the only possible topic, or even the main topic, of a summit meeting.

Even more important to both governments are the suspension or control of nuclear test explosions and the orderly reduction of armaments on both sides of the Iron Curtain.

This is a more complicated problem than Berlin and this government is divided internally and with its allies, particularly the French, about how to prevent the disorganized and uncontrolled expansion of atomic weapons.

Some progress, however, is being made in this field at Geneva, not much but more than in the parallel talks on Berlin and Germany, and both Washington and Moscow have a common interest in keeping the atomic race from spreading to other countries.

The same thing is true about getting agreement among the major powers on some orderly international method of exploring and using outer space.

Accordingly, it is not the policy of the Eisenhower administration to say that if it cannot get the Soviets to talk sensibly at the summit about the future of Germany and Berlin, it will refuse to talk to Khrushchev about anything else.

The point was important because the Soviet Union had hither-

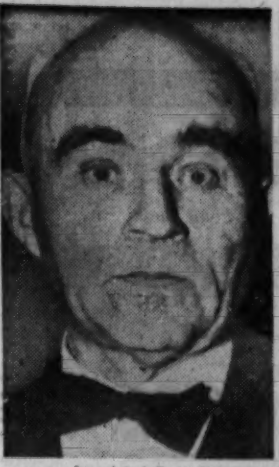

to opposed any move that might seem to deprecate the conclusions reached at the earlier expert talks. Now the United States will be able to bring up questions raised by "Operation Argus," its high altitude tests of last fall.

Experience gained in the last year on the possible use of artificial satellites for policing outer space will also be of value. The Soviet Union has said it was prepared to consider a program for launching a network of Sputniks, radio reports from which would be monitored by special instruments in some of the proposed policing system's 180 fixed control posts.

Soviet acquiescence to the outer space study was made easier to win by the failure of the experts to go into the question deeply last summer for lack of basic information.

New Orleans Times-Picayune

The A.P. reports that automotive engineers are trying to work out a better steering system for automobiles. They will have to do most of their work on the drivers who give their cars bum steer.

CANDIDATE—FRANKFURT — Max Becker is the Socialist Party's candidate for West German president in the July 1 election.

Integration In 12 Years Wins Court

CINCINNATI (AP)—The plan of the board of education at Nashville, Tenn., to spread integration in the public schools over a 12-year period was upheld by the U. S. court of appeals, sixth circuit, Wednesday.

The National Association for Advancement of Colored People attacked the plan, calling it a circumvention of the U. S. supreme court ruling which bans segregated schools.

Under the plan, first approved by the district federal court in Nashville two years ago, desegregation started in some first grade classes in the fall of 1967.

GRADE A YEAR

Some first and second grade classes were desegregated last fall and some first, second and third grade classes will be desegregated next fall. One grade a year will be added until all grades finally have been desegregated.

The action of the appellate court Wednesday upheld the findings of the U. S. district court for the middle district of Tennessee.

Supporters of the plan declared a sudden transition to a desegregated basis would engender administrative problems so great they would undermine or impair the educational system of Nashville.

"The findings of the district court were sustained by the evidence," the high court said. "There is no claim that the board of education did not act in good faith. The plan is supported by practically all of the teachers in the schools."

PRINCIPAL CITED

"The reasons for the support of the plan were clearly given by the superintendent of schools, the former superintendent of schools, by the acting chairman of the board of education, and by one of the most experienced principals and teachers where the desegregation plan was operating."

"One may disagree with the gradual process, but we cannot say that such a plan is so unreasonable that the judgment of the district court approving the plan, in the light of the evidence before it, should be reversed as clearly erroneous."

The appeals court also said, "There is no evidence before us that the transfer plan is an evasive scheme for segregation."

Bald Less Likely To Get Cancer, Research Hints

LONDON (UPI)—Bald men get cancer less often than those with thick hair, a Cambridge health officer suggested Wednesday.

Dr. Cyril G. Eastwood theorized in Wednesday's issue of "The Medical Press" that men who have thick hair which has turned grey or white are even more likely to get cancer than those with thick hair of a "normal" color.

He said he checked records of 100 cases of male deaths from cancer and found 70 per cent had grey or white hair, 40 per cent had hair thicker than the average, and only 18 per cent had hair thinner than the average.

Electrocuted In Fall on Rail

LONDON (UPI)—Gloria Palmer, 31, tried out her rubber-soled shoes Tuesday by standing on the third rail of an electrified railroad line.

"Look, it doesn't hurt me," she said. Then she slipped and fell on the rail. She was electrocuted.

U.S. Aids Africans

JOHANNESBURG, South Africa (AP)—The United States will intensify its drive against communism in Africa this year, a State Department official said Wednesday, in the form of aid to newly independent African states.

BETTER-TASTING TOMATOES!

A clean, healthy tomato is juicier, its flesh firmer, color bright and tempting. Aphids, flea beetles, tomato worms and other insects weaken your plants as do blight, leaf spot and other diseases. So don't wait for trouble. Start now with "Eveready" Tomato Dust. Dust in early morning or late afternoon from now on. This wonderful insecticide-fungicide comes in easy-to-use squeeze-duster. Start using it now — enjoy plump, juicy tomatoes! A scientific advance... backed by Union Carbide.

Associated Press Wirephoto

A BROTHER'S LOVE—PUEBLO, Colo.—Tears of joy roll down face of Larry Spitz, 12, of Pueblo, as he comforts sister, Laura Lee, 11, after she almost drowned in the city pool. She was rescued minutes before picture was taken by lifeguards who revived her with artificial respiration.

Girl Unconscious on Road; 6 Arrested on Rape Charges

Constitution State News Service
CONYERS—Six local white boys were arrested Wednesday and charged with the rape of a 16-year-old white girl, according to Sheriff W. L. McCart.

Warrants were sworn out, charging them with rape, the sheriff said.

The girl was found near Milledgeville, lying near the side of a road, the sheriff said. She was unconscious until about noon Wednesday and has been in a state of shock and hysteria, Sheriff McCart said.

A local physician reported that she received an injury on the head and was probably thrown from a car.

The girl's parents told the sheriff that a youth picked the girl up to go swimming and that was the last they heard from her until she was found on the road at 1:30 a.m. Wednesday.

Atlanta Husband Cut Fatally

Continued From Page 1

glanced out. His wife passed a paper sack which contained a pint whisky bottle, partially filled, to Miss Dutton and asked her to hide it.

Newell started cursing his wife for having moved the whisky, witnesses were quoted as saying. Mrs. Newell asked for a cigarette and he went inside and got one.

THREAT REPORTED

When Newell returned, Jones said, "he looked at me hard and said, 'I just want to get ahold of you. You've always got your big mouth stuck into something.'"

Jones said he protested that he hadn't said a word and Newell retorted: "I'm going to learn you something. You're always flirting with these women around here."

Jones said the younger man grabbed his shirt front "and picked me plump up, tearing my shirt." He added Mrs. Newell grabbed her husband and he went inside the house.

A few moments later Newell walked around the house. Jones said he was seated on a railing when the younger man walked up on the porch and resumed the argument.

"SHOOK ME"

"He grabbed me and shook me and drew back to hit me," he was quoted. "He hit me in the mouth and I cut at him with my knife. He kept on shaking me and banged my head against a post. I kept hitting at him until his wife grabbed him and jerked him off me."

Jones said Newell then walked across the street, followed by his wife, and sat down on the window ledge of a restaurant. A short time later he collapsed.

Miss Dutton said she witnessed the beginning of the argument, then placed her hands over her eyes as Newell attacked Jones.

Another occupant of the house, Grover Coggins, 50, employee of the Doraville sanitary department, said he spoke to Mrs. Newell two weeks ago and Newell slugged him.

"He'd have a fit if you even said good morning to her," Coggins was quoted as saying.

More Patrol Hours Reducing Wrecks

Longer working hours by the State Highway Patrol and a selective enforcement program is cutting down on the rate of traffic fatalities over the state.

Col. William P. Trotter, director of the Georgia Department of Safety, says there has been an increase in the number of traffic fatalities over last year, but a decrease is indicated for the latter part of 1959.

Because the State Highway Patrol has been working 12-hour shifts from Monday through Friday and men have been stationed at spots where accidents occur frequently, the percentage of accident increase over 1958 has been lowered this month from 13 per cent to eight per cent.

In the period from January to May, the 1959 traffic toll was 376 deaths as compared to 348 traffic deaths in the same period in 1958, although about 45,000 more vehicles are traveling some 451 million more miles in the state.

For the first 15 days in June, there has been an 11 per cent decrease in the number of traffic

deaths compared to the same period in June 1958.

Col. Trotter said that the patrol is trying to keep traffic deaths falling, by "going after the lawless drivers," and by removing "Maniacs of the Highways" from the state roads.

2 Atlantans Are Awarded Medals As Outstanding ROTC Students

By JIM BENTLEY
Two college students from Atlanta have won Chicago Tribune gold medal awards. Gold medals are presented annually to the outstanding ROTC student at each of several colleges and universities throughout the United States.

At the University of North Carolina the award was presented to Cadet John A. Rhoades, son of Mr. and Mrs. J. Arlie Rhoades of 2650 Merry Lane, NE.

Notre Dame University sophomore Andrew J. M. Hepburn, an Army ROTC student, is the other Atlanta winner. He is the son of Mr. and Mrs. William M. Hepburn of 1388 Harvard Rd., NE.

Are Commissioned

Four Atlantans were among the 790 new officers graduated this

month from Officer Candidate School at the Newport, R.I., Naval Station. They are:

Ensigns Richard F. Thiele, son of Dr. and Mrs. W. H. Thiele of 4158 Peachtree Rd., NE; Carey B. Levy, son of Mr. and Mrs. H. M. Levy Sr. of 282 Tara Trail, NW; Edwin A. Lupberger, son of Mr. and Mrs. Adolph Lupberger of 1729 Sylvan Rd., SW, and Michael G. McBride, son of Mr. and Mrs. Gordon E. McBride of 1888 Boulevard Dr., NE.

Marine Officers

Joseph A. Kitchens Jr. and Thomas H. Aiken, both graduates of the University of Georgia, were among 165 Marine second lieutenants who completed the seven-month officers' basic course

recently at the Marine Corps Schools, Quantico, Va.

Two other Georgia graduates were Lieutenants Walter C. Sturdivant Jr., son of Mrs. Elizabeth P. Sturdivant of 1 Cherokee Rd., NW, and John W. Anderson, son of Mrs. Mae Johnson of 444 Moreland Ave., SE.

Kitchens is the son of Mr. and Mrs. J. A. Kitchens of Mansfield, Ga., and Aiken is the son of Mr. and Mrs. Charles Aiken of Rte. 1, Covington.

To Talk on Art

Robert S. Rogers, Atlanta Art Institute, will speak on "Art Appreciation for the Businessman" to the Kiwanis Club of Northside Atlanta at the Atlanta Biltmore Hotel at 12:30 p.m. Friday.

Judge Asks New Curbs On Rabies

By JAMES SHEPPARD

Municipal Court Senior Judge Luke Arnold, worried over Atlanta's mounting dog bite cases, Wednesday urged a conference to tighten enforcement of dog laws and to consider new, stronger laws.

Rabies might be curtailed by requiring owners to keep dogs in pens, the judge suggested. He said tying dogs on a leash or chain does not prevent them from being bitten by rabid dogs, nor does a fenced yard.

AVERAGED 10 DAILY

A daily average of 10 persons suffer dog bites in Atlanta, Fulton Health Department records show. Of stray dogs rounded up here since Jan. 1, 45 were rabid.

The rabid animals came mostly from the northwest section of the city.

Judge Arnold wrote a letter to Fulton Commission Chairman James Aldridge requesting him to arrange the conference.

The judge said he feels court punishment should be more severe in dog bite cases, especially when animals have not been vaccinated.

He pointed out that state laws require rabies vaccination of dogs older than three months, but said the laws are not being effectively enforced here.

ASKS COOPERATION

"This dog situation is growing worse," Judge Arnold said. "There are many angles to it, and in order to curb it, it is going to take a lot of cooperation—first, from the dog owner, then from the Health department, which enforces the law, then from the courts who deal out the punishment, and from everyone concerned regarding the tightening up on the law."

He sent a copy of the letter to Dr. J. A. Giddens, director of the Fulton Health Department's veterinary medical services division, urging that Giddens, who supervises rabies control, participate in the conference.

Judge Arnold asked that the city and county attorneys sit in at the conference.

"Let's try to appoint a committee to arrive at something substantial," Judge Arnold wrote Aldridge, "even if we have to ask the legislative members to strengthen the law."

Enforcement of dog laws is primarily a Health department function. Under Atlanta's Plan of Improvement, the county government has responsibility for health matters.

Cartersville Grave Indicates Etowahs Were Matriarchal

Archaeologists at Cartersville have turned up more proof of what was presumably a well-defined matriarchal social order among the Etowah Indians.

An excavation crew, digging Wednesday at the Etowah burial mounds, exhumed the skeleton of a female Indian who undoubtedly was held in great esteem.

Dr. Robert Nietzel, superintendent of the Etowah mounds, said there were several things to indicate she was of paramount rank

in the social order of her tribe. "We have found only two or three other female burials among the 210 already discovered at Etowah," Dr. Nietzel said. "This one was obviously a priestess of great honor."

She wore, at the time of her burial, copper decorations in her ears, tubular beads around her wrists. There were bone and shell artifacts in her headdress.

The excavation crew also found

in the grave a dagger-shaped implement of wood, copper-plated and more than a foot in length.

Dr. Nietzel said the elaborate aspects of her burial indicated strongly that Etowah Indians lived under a matriarchal social order

Britons Sweltering

LONDON (AP) — Britons sweltered Wednesday in temperatures reaching 84 on the east coast and 80 in London.

during the prehistoric period of Georgia.

There has for a long time been an assumption that such was the case, even though excavations have shown generally that royal Indian burials were rare in the Southeast.

Dr. Nietzel was particularly interested in the dagger-shaped wood implement found in the grave.

"We have never found one of

these in any grave," he said. "We are beginning investigation immediately to determine its meaning."

He said the burial took place probably in 1200 or 1300 A.D.

Exchange Continued

ROME (AP)—Italy and the United States have extended for another five years the Fulbright program for exchanging students. The program was started 10 years ago.

I wish more appliance customers would say

"Show Me"

before they buy!

by George Romney
President, American Motors Corporation
Rambler • Kelvinator • Metropolitan

I'm not from Missouri. But I certainly believe in the "show me" policy of folks from that state, particularly when shopping for new appliances.

Let's say you're looking for a new refrigerator. You go into the neighborhood dealer's showroom, and what do you see?

You see a wide variety of handsome models gleaming with gold and silver trim...

You see a lot of tricky shelf arrangements and novelty gadgets for storing different kinds of foods...

They all look nice. And they all look pretty much alike. It's what you don't see that makes the difference in basic excellence. It's time for the customer to say, "SHOW ME!"

Show me how each model is insulated. Show me how the door is braced. Show me how the freezer compartment is refrigerated. Show me and explain to me how this refrigerator is different from all the others.

As more and more homemakers ask to be shown, I know that more and more Kelvinator Refrigerators will be chosen... because Kelvinator is the "show me" refrigerator. It was designed and quality-built from the inside out to serve your family's needs and save you many, many dollars over the years by its economical, trouble-free operation.

BUILT-IN QUALITY TELLS THE STORY

You'd be surprised at how many refrigerators use up their energy cooling the kitchen instead of the food... just because they weren't built as well as they should be. But not Kelvinator!

For example, Kelvinator goes to the extra expense of cross-bracing and corner-bracing doors to insure against warping and leaking. This doesn't show outside, but it can save many dollars in operating costs over the years.

Also, Kelvinator freezer compartments have refrigerant coils built right inside... on top, bottom, back and both sides. It's amazing how many manu-

facturers cut corners and save money by just welding a few coils to the outside of the freezing unit.

At Kelvinator, the finest grade of Fiberglas insulation is used lavishly inside the door and cabinet. Other makes often skimp on this unseen but important element of efficient refrigeration. Some even cling to the old-fashioned loose fibre type insulation.

The Kelvinator door latch costs a little more, but its positive action makes sure the door is sealed tight on all four edges. Even a simple thing like the door gasket receives the deluxe treatment to make sure it will properly shut out warm air for years and years.

So, don't cool your kitchen with a refrigerator that skimps on materials and workmanship. For that purpose, Kelvinator offers a very fine room air conditioner.

It takes more time and more costly materials to build refrigerators the Kelvinator way. But this plus quality means greater convenience, lower operating costs and longer satisfaction for Kelvinator owners. Nothing points this up better than Kelvinator's Polarsphere refrigerating unit, long famous for its quiet, economical, trouble-free operation.

THE INSIDE DIFFERENCE IN WASHERS

If the unseen differences in design and construction are important to refrigerators, they are doubly vital in the selection of a new automatic washer.

Believe me, every Kelvinator Washer Dealer joins me in welcoming your pointed questions like these:

How does Kelvinator get clothes cleaner?

Because only Kelvinator has this different kind of washing action. It gets clothes cleaner than tumble-type action. It cleans clothes safer than harsh agitator action.

In other washers, you will see variations of the tumbler (which merely sloshes clothes around in a revolving tub) or the old-fashioned back-and-forth agitator.

Kelvinator Appliances Designed To Meet Basic Consumer Needs

George Romney, President of American Motors Corporation, presents new Kelvinator appliances designed to meet basic consumer needs just as Rambler has met the basic needs of today's car owners. At left is the pride of the Kelvinator refrigerator line, Fabulous Foodrama. It is the only refrigerator-freezer combination that

gives homemakers the kind of freezer they want most... an upright one. In one cabinet only 41" wide, 63" high, 25" deep you get a 12 cu. ft. deluxe refrigerator and a 6 cu. ft. upright freezer. Kelvinator Electric Ranges, Washers and Electric Dryers have equally unique and basic consumer design.

The tumbler is easy on clothes, but weak on cleaning them. The back-and-forth agitator gets clothes pretty clean, but it can be mighty hard on fine fabrics.

Kelvinator eliminates the wear of back-and-forth friction. It keeps turning clothes over and over as it circulates them around and around in one direction. Meanwhile, thousands of jets of sudsy water penetrate each fibre to get out ground-in dirt. At the same time, these water jets hold the clothes away from agitator fins to prevent harsh contact. The washing job is done by a turbulent, fountain-like surging of the sudsy water which takes full advantage of the miracle cleaning power of your favorite wash-day detergent.

Is Kelvinator really safe for fine fabrics?

Absolutely! No more need to hand-wash anything. Finest lingerie, new "synthetics," even work-saving Wash-Wear garments are laundered in perfect safety.

What about shirt collars and cuffs?

Elimination of the harsh back-and-forth agitation makes possible the only automatic pre-scrub cycle on any washer today. It's called the "Magic Minute Dirt Loosener." Clothes are pre-treated for 60 seconds in double-rich suds with a small amount of water and the full amount of detergent before regular washing starts. This loosens all dirt, grease and grime so that it is easily removed in the complete washing cycle.

How about maintenance and service?

Kelvinator is so simple in design...

built so sturdily... that you have fewer service worries. For example, Kelvinator owners can never be faced with a \$70 bill for replacing gears... because Kelvinator has no gears.

Other washers, in order to compensate for harsh agitation, have gone to complicated systems of cycle controls. The excess electrical circuits involved are another service hazard. But Kelvinator, because of its basically gentler washing action, has cut problem-child controls to a minimum. Kelvinator is so simple it can be easily understood and cared for by your nearest washer man.

Does Kelvinator have a lint filter?

Yes. Kelvinator has every one of the new washer features that is a real convenience... like the automatic lint filter, different cycles, suds-saver and rinse additive dispenser. However, only Kelvinator has developed the kind of modern washing action homemakers need for cleaner, easier, safer washing.

Check the facts. Your Kelvinator Dealer will be glad to show you the inside story of this washer that's built better to serve better.

While you're about it, ask him to show you how built-in basic excellence makes the Kelvinator Electric Range the outstanding buy.

Among other basic advantages, he'll show you how Kelvinator... and only Kelvinator... ends the dirty, back-breaking job of oven cleaning. Every new 1959 Kelvinator Electric Range has "throw away" aluminum foil oven lin-

ings. When they get soiled, it takes just a few minutes to replace them with shiny new foil.

GADGETS OR WORTHWHILE FEATURES

It all adds up to this. Every manufacturer has a choice when designing a new appliance. He must decide whether to invest heavily in fancy trim and eye-catching gadgets or to concentrate on worthwhile features and spend more on basic excellence. At Kelvinator, we stick to worthwhile features and basic excellence. However, unless you say "show me" when you're shopping, you may miss what this policy means to you in greater usefulness, lower operation costs, fewer service calls and longer years of satisfying use.

So... we earnestly invite you to say "show me" in every Kelvinator dealer's showroom. We hope you'll say it everywhere you shop. To help you judge different appliances, we have prepared a buyer's guide, "How to Select an Electrical Appliance." For your free copy, write to me, George Romney, President, American Motors Corporation, Dept. 14, Detroit 32, Michigan. Or better still, get one, without obligation, from a Kelvinator Dealer listed below.

GET BACK ON SCHEDULE

Millions of people have found a safe way to correct constipation caused by lack of bulk. It's the Kellogg's All-Bran way—and it works even when harsh laxative drugs have failed.

You see, laxative drugs contain no bulk and can do nothing to correct the cause of the trouble. Kellogg's All-Bran, on the other hand, is a whole bran cereal and bran is nature's best bulk-forming food. A half-cup serving of Kellogg's All-Bran with milk gives you all the good food bulk needed for consistent daily regularity.

Try eating good-tasting Kellogg's All-Bran for 10 days and see if it doesn't work for you, too.

WAITING FOR HELP—LOS ANGELES—Three survivors of a car-truck collision in suburban South Gate were pinned beneath their overturned automobile for 20 minutes early Wednesday before rescuers pulled them out. The trapped victims were, left to

right: Lynda Bell Minor, 15; Bobby Dale Herd, 20, and Peggy Allen, 20. The arrow points to the hand of policeman trying to feel the pulse of one of two sailors killed in the wreck.

Liberace Gets \$22,400 In London Libel Case

LONDON (UPI)—A jury of 10 men and two women awarded Liberace \$22,400 in libel damages Wednesday for a newspaper columnist's implication that the entertainer was a homosexual.

The decision set plump, middle-aged women to squealing and caused a near-riot outside the courtroom.

The jury deliberated three hours and 24 minutes in concluding that William (Cassandra) Connor had implied that Liberace was a homosexual when he wrote in the London Daily Mirror that the 40-year-old piano player was "the summit of sex—the pinnacle of masculine, feminine and neuter; everything that he, she or it can ever want."

The jury cleared Connor and the newspaper of a second libel charge centering around the columnist's statement that "rarely has the sacred been so well marshalled along with the profane" as in Liberace's performances.

The curly-haired entertainer smiled weakly after the decision was announced.

Artistic-looking women dressed in their Sunday best, who had packed the spectators' gallery along the wall opposite the judge's bench, massed outside the courtroom as an aide led Liberace by the hand from the building.

U.S. Jury's Probe of Hays Defeat Is Concluded with None Indicted

LITTLE ROCK, Ark. (AP)—A federal grand jury which investigated alleged irregularities in the Alford Hays election reported Wednesday that it had finished its work without returning any indictments.

The jury inquired into the defeat last November of long-time Rep. Brooks Hays, the Democratic nominee, by write-in candidate Dale Alford, who since has been seated in the House as Democrat.

Alford, a segregationist, won by about 1,250 votes over Hays, a racial moderate, in Arkansas' 5th District.

A House committee is making a separate investigation. A subcommittee is due here next Monday in connection with the House inquiry.

U.S. Jury Indicts Beck, 2 Truckers in Payment

NEW YORK (UPI)—A federal grand jury Wednesday indicted ex-Teamsters boss Dave Beck on charges of illegally accepting \$200,000 from two trucking companies. In an unusual move, the jury also charged the companies of violating the law by giving Beck money.

Named with Beck in an indictment stemming from a congressional investigation of labor-management relations were Roy Fruehauf, president of the Fruehauf Trailer Co., and Burge Seymour, president of Associated Transport, Inc.

Both companies also were named, along with Associated Transport's subsidiary, Brown Equipment and Manufacturing Co.

The indictment charged that Beck approached the company officials in New York in June, 1954, and asked them for \$200,000. The men gave Beck the money on the same day without ever asking why he wanted it, the indictment said.

All those charged were accused of violating the Taft-Hartley Law, which forbids a union to take money from management and also bans payment by an employer to a union official.

Authorities said the indictment was unusual in that it named both the alleged recipient and payers.

All were scheduled to plead to the indictment on June 24. Conviction could bring a fine of \$10,000 and a year in prison for each defendant.

Adenauer Says He'll Quit in '62

By FLORA LEWIS
(Copyright 1959, The New York Times Co.)
BONN—Chancellor Konrad Adenauer said Wednesday he plans to withdraw from his office after the next West German elections.

The elections are due in September, 1961. Afterward, probably in 1962, the chancellor indicated, he would make way for a successor. He said he had told party leaders one year ago that was his intention and that it remained his intention.

The chancellor said in an interview: "Naturally I still wish to have a successor at the right time. But one does not do that sort of thing before elections, and in two years we will be in the middle of a campaign."

"I must lead this campaign," he said. "First we must win the elections."

By then, Adenauer added, "I hope the entire international situation will be clearer."

Looking somewhat tired after the recent political crisis over his leadership, Adenauer repeated his reasons for staying on as chancellor now and said "I acted correctly."

The chancellor would not commit himself on the chances of his economics minister, Ludwig Erhard, for eventual succession. But he implied that in his view neither Erhard nor Finance Minister Franz Etzel, whom he had sought to name, were now serious possibilities for the chancellorship.

Wise Reelected By Electricians

E. F. (Red) Wise, assistant city superintendent of electrical affairs, has been reelected to a two-year term as president of the 2,400-member local union No. 613 of the International Brotherhood of Electrical Workers, AFL-CIO.

Wise is rounding out his sixth year as head of the local. He resides with Mrs. Wise at 1048 Regis Rd., SE.

Blazing 'Monster' Makes Early Show

A movie marquee set the mood Wednesday night.

A trolley jumped its wires at Peachtree and Forsyth streets around 9 p.m. A ball of electrical fire accompanied by sparks shot from the wires, narrowly missing a closely following auto.

The fire burned out after about five minutes.

The marquee, heralding a movie starting Thursday, said, "Fire Monsters Roasting the World."

\$800 Tucked Away By Atlanta Lost

Mrs. Christine Odom, of 1612 in currency and change in the Hardee Circle, S.E., has lost a stocking full of money.

Police said Mrs. Odom told them she placed more than \$800 only to find it gone.

WHO BLENDS LORD "C" —AND WHY?

LORD CALVERT (Lord "C" to the connoisseur) is a blend of ryes, bourbons, and golden grain neutral spirits from the world's largest whiskey library.

Our blenders eventually choose only twenty-nine of these classics for Lord Calvert. It is a painstaking task. Each classic must harmonize perfectly with all

the others. Our blenders insist that there is no other way to combine robust flavor with a light body.

The whiskey in every bottle of Lord "C" has received unanimous approval from these fierce perfectionists. Meeting their standards takes time and trouble. Is it worth it? Ask any connoisseur.

Lord Calvert—one of the rarest of all American whiskeys

Board Here To Act in Due Time

Continued From Page 1

In the school board's attorney, B. D. (Buck) Murphy, and said state officials were watching the situation "very carefully."

"As governor it is my responsibility to uphold the Constitution and the laws of Georgia. That I will do," he said, concluding his statement.

Tuesday night Mayor Hartsfield had expressed the hope that state laws would be changed to allow Atlanta to keep its schools open. In addition to Vandiver, another state leader commented in a vein Wednesday that indicated the mayor's hopes had scant chance of fulfillment.

State House Floor Leader Frank Twitty of Camilla said flatly: "I don't believe the Legislature will change the laws to allow any

Associated Press Wirephoto

REFUGEE GRADUATE—WASHINGTON—Lydia V. Feday, the first person to enter the United States after World War II under the displaced persons act, was graduated from Wilson High School. Lydia, 17, is prettying up for the graduation prom. She was six years old when she arrived from Warsaw, Poland.

Ike Skips A Summit Condition

Continued From Page 1

steel industry to the White House in an attempt to settle differences and head off a strike.

Sen. Stuart Symington (D-Mo) has suggested such a parley. But Eisenhower said the results could be more hurtful than helpful if the government interceded directly and tried to apply political or other pressure.

In a conference that touched a broad assortment of subjects, these were some of the ones that stood out:

STRAUSS—The nomination of Lewis L. Strauss to be secretary of commerce has been in the Senate since January. Eisenhower was asked if he saw anything wrong with lobbying by the executive branch in support of Strauss.

The President laughed along with everybody else. Then he replied that when his conscience tells him he is right about things, he has recommended to Congress, he is going to use every influence he can to get Congress to see the light. "If that's lobbying, I'm guilty, but I don't think there's anything else to do about it," he said.

WHEAT—Without mentioning the word veto, Eisenhower jabbed at a compromise bill that would cut acreage and boost price supports for wheat. "We still do not believe in raising price supports," he said.

SPEECHES—The President confirmed word from the GOP high command that "I shall do what I can to inform the country" on legislation he has recommended to Congress as "vital important for the welfare of the country." He said, though, that no specific schedule has been worked out.

The session kept swinging back to the summit. It kept producing familiar sounding phrases. Eisenhower himself remarked at one point he had a feeling that "I'm just putting on an old record."

And he repeated what he has been saying right along—that if there is to be a summit session, the foreign ministers at Geneva must produce enough progress on cold-war issues to give promise that negotiations at the top will be fruitful.

"If there is any kind of reasonable progress that justifies a summit meeting," he said, "why of course I would never decline the opportunity." That was a broader approach than he took a fortnight ago when he appeared to rule out a summit session without specific advance progress on Berlin.

county to integrate its schools."

Murphy and Latimer both said the decision regarding an appeal could not be made until school board members and attorneys could get together and study the decree in the case.

The decree is to be written by the plaintiffs in the case, based on Judge Hooper's order.

The board president, who is an Atlanta attorney, reminded parents and others concerned about the ruling that no action of any kind is expected prior to the opening of schools in September.

"The board hopes that the public will not be unduly alarmed by the ruling of the district judge Wednesday, as a careful reading of this order will assure the parents there will be no immediate or drastic changes in the operation of the Atlanta schools," he said.

Navy Plane Caught With Guns Down

Continued From Page 1

occurred over international waters even under an "extreme extension of another nation's territorial claims."

The Pentagon said Tuesday the attack took place 85 miles east of Wonsan, North Korea. This is about 38 miles off the coast.

CONGRESS AROUSED

The feelings in Congress, combining anger over the attack and dismay over the condition of the U.S. plane, were reflected in a statement to the Senate by Sen. Johnson (Tex.), the majority leader.

"The news from the Far East comes as a shock to every American," he said. "Communist brutality is an old story by now. But the reported fact that our men were unable to defend themselves is something that must be explored thoroughly."

The Defense Department statement Wednesday was described as additional information based upon a preliminary report of an investigation initiated by Adm. Arleigh A. Burke, chief of naval operations.

The guns in the forward turret were deliberately disabled to make room for special reconnaissance equipment in the converted P4M Mercator, the Pentagon said.

The plane was originally designed for antisubmarine warfare missions. It normally carries three pairs of guns—one pair of 20 millimeter guns in a forward turret; a second pair in a tail turret, and a pair of 50 caliber guns mounted in a turret atop the fuselage.

FOR RECONNAISSANCE

The plane that was attacked on Monday was assigned to reconnaissance missions, the explanation continued. Because of this, the forward turret "was deliberately rendered inoperable by utilizing the space to house reconnaissance type equipment."

The Defense Department, continuing its explanation of the modifications, said that for a similar reason, and to compensate for the weight of the additional reconnaissance equipment, the top turret also had been removed from the plane.

"When the attack occurred, the pilot swung the plane away from the attacking MIGs in order to bring the tail turret to bear for defensive maneuvers."

Individual Income Hits Peak in U.S.

Continued From Page 1

other recent economic reports showing that:

—Retail sales in May were the highest on record.

—Consumers expanded their installment buying in April to a level nearly 21 per cent higher than a year ago.

—Businessmen indicated their intention to step up sharply spending on new plant and equipment this year.

—Industrial production, hard hit during last year's recession, had bounced back to a new record in May.

—Total employment last month was the highest for any May on record and unemployment declined to 4.9 per cent of the labor force—the first month this rate had dropped below 5 per cent since November, 1957.

62 DeKalb High School Graduates Awarded Funds For College Work

Sixty-two DeKalb County 1959 high school graduates have been awarded 71 athletic and academic scholarships, grants and prizes toward their continued education at the college level.

The students represented eight of the 12 white high schools in the DeKalb system.

They are:

AVONDALE HIGH
Gail Starling: \$1,500, Vanderbilt University.
Michael Newberry: \$1,100, Northwestern University.
Reverly Breeding: \$705 (School not listed).
Burgess Cooke: \$400, Emory University.
Martha Lindsey: \$400, Northwestern University.
Vera Elam: full three-year, Grady Hospital School of Nursing.
Jack Stephens: \$295, Randolph-Macon College.
Leisa Powell: \$200, Kines College.
Carson Bell: full athletic, Clemson College.
CHAMBLEE HIGH
Rena Fay Edgeridge: \$1,500 per year, National Merit, Emory University.
Steve Nash: National Merit, Georgia Tech.
Ken Borden: \$500 per year, Lowry, Oglethorpe University.
Madge Motzler: \$500, Lowry, Oglethorpe University.
Archie Smith: \$300 academic scholarship.
Rebecca Bramlett: \$200, Tift College.
Robbie Hunt: baseball, University of Georgia.
CLARKSTON HIGH
Willette Barnwell: \$500, Teacher Education Assn. and Azusa Scott, Tift College scholarships.
Connie Spivey: honor, Southern Business College.
DEUD HILLS HIGH
William Patrick Jackson: National Merit and Naval ROTC, Georgia Tech.
Barbara Voss: music and academic, Furman University; academic, Converse College.
Jon Beard: Greater Atlanta Georgia Tech Club, Georgia Tech.
Joan Beaschler: grant-in-full, Young Harris College.
Ann Chance: Elks Club.

Billy Graham

Put God First and Self Last

QUESTION: Do we have a right to pursue our happiness at the expense of others? Should "we get what we want, when we want it," no matter whom it hurts?—A. K.

The person who sets out to "get what he wants, when he wants it" usually ends up with what he doesn't want. The road of life is not a short cut to happiness, and the person who cuts across the rights of others, and is driven by selfishness, usually has his share of trouble along the way. Penitentiaries and insane asylums are filled with people who "got what they wanted when they wanted it," without thinking of others. Self-centeredness is a sure way to lose your freedom or your mind, for God never intended us to live oblivious of others. Jesus Christ our Lord is respected, admired, and followed by millions for He always put others first.

The people I know who are really happy have found a little secret of sequence. Here it is: God first, others second, and self last.

Nursing Homes Delegates Meet

The seventh annual convention of the Georgia Assn. of Nursing Homes will be held Thursday and Friday in the Dinkler Plaza Hotel.

The purpose of the meeting will be the promotion of better nursing homes and facilities for health care of the aged.

North DeKalb Lions Win 7 Trophies

North DeKalb Lions have won seven trophies.

The trophies, presented during the state Lions convention in Augusta, included first places in

health and welfare activities in competition with some 250 Georgia Lions clubs.

DeKalb Lions also won a trophy

THE ATLANTA CONSTITUTION, Thursday, June 18, 1959

for having the largest delegation at the convention. The club also received runner-up trophies for being the best all-around club, for

completing the most worth-while activities, and for the best state convention publicity, and won member attendance button awards.

Show Canada Films

An hour of free color films about Canada will be shown at the Atlanta Public Library assembly room at 7:30 p.m. Friday.

Film Celebration Revives Confederacy Days in Shreveport

By WILLIAM B. POPE
Constitution Staff Writer
SHREVEPORT, La.—The spirit of the Confederacy has taken over the City of Shreveport for the past couple of days, and a movie called "The Horse Soldiers" is responsible.

If the Shreveport Chamber of Commerce needed an excuse for hoopla on the War Between the States theme, "The Horse Soldiers" provided it. The film was given its world premiere here Wednesday night at the Strand Theater at a \$50 top.

The film, which recounts the historic episode of Col. Grierson's raid through Mississippi and Louisiana, was the climax of a two-day round of social events throughout the city. On hand were the three co-stars—John Wayne, William Holden and Connie Towers—who had spent several weeks in this area last winter on location for the film.

The gala premiere capped colorful activities which began with "secession" ceremonies that created the one-day "Horse Soldiers Confederacy" of Bossier, Caddo and Natchitoches Parishes Wednesday morning on the Caddo Parish courthouse square in Shreveport.

An authentically staged sham battle between Yankee cavalry and troops of the Confederacy, at Betty Virginia Park, followed the "secession" ceremonies.

During Wednesday's sham battle—involving the 199th Infantry Regiment of the Louisiana National Guard—Wayne drew a resounding rebel yell from several thousand spectators for his declared gratification that "This time I'm not here as a Yankee soldier" (He plays one in the picture).

Police estimated that almost 75,000 persons lined the main streets of Shreveport Wednesday afternoon for a mammoth parade and motorcade involving the film

and fraternal groups. Wayne, who was accompanied on the junket by his 19-year-old son Pat, later said that "this city has more dignity for this sort of thing than any other."

Wayne, outspoken in real life as he is in most of his screen roles, said that he would "get complaints from 50 other cities" on this comment, but added that he didn't care.

Theater Opens At Atlanta U.

Georgia Allen and Ray McVey will head the cast in "The Reluctant Debutante" as the Atlanta University Summer Theater opens its 26th season at 8 p.m. Thursday. The comedy, by William Douglas Home, will have a three-day run in Howe Memorial Hall.

Reds Accuse Actors

VIENNA (AP)—The Hungarian Communist party paper Nepszabadsag, in an edition received here, denounced Hungarian actors who "hold nocturnal orgies" and regard "little girls asking for autographs as easy prey." It mentioned no names.

Davis Asks Payments on Debt

Constitution Washington Bureau
WASHINGTON—Rep. James C. Davis, one of the most conservative members of Congress, introduced a resolution Wednesday to start paying off the whopping \$263 billion national debt.

The Davis resolution calls for

the debt to be reduced at the rate of not less than one per cent, or \$2.8 billion a year.

The Georgia Democrat, who has bipartisan support for his plan, pointed out that the nation is now paying \$8.1 billion in interest alone on the national debt this fiscal year.

His resolution would call for reducing the principal of the debt with payments of not less than \$2.8 billion a year, in addition to the interest payments.

Under the Davis plan the na-

tional debt would be reduced by at least \$140 billion in 50 years. He noted that if the nation continues to pay interest on the debt at the current rate it will cost the taxpayers \$405 billion in interest alone in the same period.

His resolution would pledge this Congress to call on the Secretary of the Treasury and future Congresses, in so far as possible, to make the annual debt reduction payments "to eventually retire this burdensome national obligation."

Associated Press Wirephoto

HIS WHISTLING IS OKAY NOW—NEW YORK—Edwin McCarthy, chirping conductor of the New Haven Railroad, was back in tune Wednesday—with accompaniment. McCarthy, whose habit of whistling while he went about job on trains between Boston and New York, was temporarily banned when some passengers complained. But more passengers wrote pro-whistling letters than complaints. Cowhistler is Jeffrey Welgus, 5.

4th Defendant Is Sentenced In Biracial Vice Case Here

A fourth defendant in a prostitution racket where two white women catered to Negro clientele pleaded guilty in Fulton Criminal Court Wednesday.

Judge Charles A. Wofford ordered the defendant, Johnny Brown, 39, Negro, of 1039 Smith St., SW, to serve two years in prison, and three years on probation after his release on multiple morals charges.

Brown entered guilty pleas to two counts of maintaining a lewd house and three violations of persuading a woman to become an inmate of a house of prostitution, offering to receive a person into a house of prostitution and offering to procure a prostitute for another.

The accusations charged that

Brown maintained a lewd house at 82 Ellis St., NE, and at 751 Neal street, Northeast.

Mentioned in the other accusations was the name of Mrs. Ethel Johnson, a 48-year-old white woman who has already pleaded guilty and been sentenced in connection with the case.

Also under sentence are Mrs. Jean Barnes, 24, and Willie McCauley, Negro, whom Mrs. Barnes said fathered a child she bore.

Judge Wofford Wednesday also ordered forfeited the bonds of two other Negroes against whom other charges are pending in connection with the case when they failed to appear in court. They are Walter and Johnnie Mae Dunlap, Negroes.

The Hollywood Scene

In Legal Jungle: Tarzan, MGM

By SHEILAH GRAHAM

HOLLYWOOD—Tarzan is leaving the jungle for the law courts. Says Sy Weintraub, producer of "Tarzan's Greatest Adventure," "We'll be seeing Metro in court. Our lawyers don't believe they have any right now to make Tarzan pictures." Metro recently remade the first Tarzan movie, "Tarzan and the Ape Man."

The happiest man in England is Rex Harrison, since Kay Kendall was discharged from the London clinic where her illness was diagnosed as the aftereffects of bronchial pneumonia. . . . While Gina Lollobrigida "took a bath," the "Never so Few" set was closed. Same thing happened during her love scenes with Frank Sinatra.

Sheilah Graham

Burt Ives brought a present to Sir Alec Guinness in London, a two-foot-long Pennsylvania Dutch salami. Every man to his own taste! . . . Also in London, Kim Novak is counting her calories, betimes taking her ma and pa to the races and the theater, always in Prince Aly Khan's box.

Robert Montgomery, who always repays a debt, will lecture on "How Publicity Helped Me" at the Los Angeles Publicity Club. Bob finished his "Gallant Hours" movie with James Cagney in 15 days.

Sheilah Graham is substituting for Paul Jones, Constitution television editor, who is on vacation.

Doris Day's son Terry, 16, gave up his after-school office-boy job and is working in a garage. . . . The Cap and Cloth Hat Institute gave Tony Randall a gold bust of himself for "showing that a man is never well-groomed unless he wears a hat at all times." Also, 150 pieces of headgear! . . . Bobby Freeman, teen-age singing rival of Johnny Mathis, has challenged Johnny to a track meet. Both were high school track stars in San Francisco.

Stephen Boyd will play either Marc Antony or Caesar in Walter Wanger's movie version of "Cleopatra." It's still a tossup between Joan Collins or Dana Wynter for the witch of the Nile.

Bette Davis has been renting silent-day star Anita Stewart's big mansion in Beverly Hills for the last eight months, but now is taking off for Maine with daughter, nicknamed "B.D.," and son Michael. You'll be seeing Bette on the screen in two pictures this year—"John Paul Jones," in which she plays Catherine the Great, and the Alec Guinness starrer, "The Scapegoat."

Bob Hope, feeling much better, will be in Cleveland for two weeks starting June 15, performing at Cain Memorial Park. Bob then goes to Scotland for some golf.

Julie Harris, home from the hospital after foot surgery, will spend the summer at Cape Cod with husband Manning Gurian and son Peter. Julie opens in her play, "The Warm Peninsula," on Broadway in September.

Jack Kelly, one of the "Maverick" brothers, is after his Warner bosses to put him in a film, as they've done with Clint Walker and Jim Garner, although he is happy with his "Maverick" series. "An actor likes a change of pace once in a while," says Kelly.

Mitzi Gaynor's reason for bowing out of Dino De Laurentiis' "Jovanka" movie is the producer's insistence that she shave her head for the role.

MARY MCCLURE APPEARS WITH GROUCHO Marx's "You Bet Your Life" Ends Season

Perry Mason's N. C. Date With Bar Arouses Judge

BLOWING ROCK, N.C. (AP)—Perry Mason, the sleuth-lawyer of television, who always wins his legal battles before the TV juries and cameras, is coming here Friday to address the North Carolina Bar Assn.

Raymond Burr, who portrays Perry Mason on the TV show (Saturdays, 7:30 p.m., Channel 5), is docketed to speak on "Lawyers in the Public View."

But a tempest is swirling about this mountaintop convention town over the Bar Association's inviting the Hollywood barrister here as one of the chief speakers.

Superior Court Judge Frank Armstrong of Troy charged that "some of the leaders" in the Bar Association are irresponsible and ignorant and he said he would not come here for the convention.

Armstrong said: "Perry Mason's program bears no semblance of the correct and proper means of administering justice,

or the proper conduct of the lawyer in trial of a criminal case. . . ."

Transocean Telecast Today Will Be First

The first transoceanic television broadcast ever released to the public will let Atlanta TV watchers see Queen Elizabeth depart from London Airport Thursday.

The program will originate in Canada over CBC when the brief film arrives via transatlantic telephone cable. The film will be broadcast in the United States over NBC—and seen here on Channel 2 from 9:15 to 9:30 a.m.

Scouting TV Tonight

Playhouse Bills Melodrama

By THE TV SCOUT

BEST BET—Playhouse 90 has its only film show of the year tonight, and if it looks like an old movie that's because it's the type of English melodrama so often seen on the late, late shows. "Dark As the Night," made for Playhouse 90 in England, is a fast-moving tale of nice people vs. convicts. The chief characters are Michael Wilding, as an up-from-the-coal-pits politician, and Laraine Day, as his rich American wife.

They get involved with a bunch of seedy people—a crooked chauffeur, his jewel-thieving girl friend, a shady leg man for a gossip columnist, a bunch of sadistic Teddy Boys (England's answer to our juvenile delinquents), and assorted odds and ends.

The cast, with the exception of Miss Day, is British. Note Hermione Baddeley, a fine character actress who scored in "Room at the Top," as Rose (the girl with the fur), and Sheila Allen, a pretty young thing as Irish who causes most of the trouble. This film will be released as a feature movie abroad. It was filmed in London, which makes the backgrounds neat, but they had to be careful what cars they used because of PH 90's participating sponsor, Renault. This is a good

yarn—no subtlety, just fast-paced action. 9:30-11 (Ch. 5).

8:30-9 (Ch. 2)—Tonight's edition of Too Young to Go Steady was written by Harve Fischman, one of the first crop of Quiz Kids. But don't expect an intellectual exercise; this is a typical juvenile story of two girls falling out over a popularity contest, and then falling back in again.

The gal who plays Timmy, Pam's sometime friend, is Lorna Gilliam, who made some news recently by suing the Harry Conover model agency. She has no legal recourse here.

9-9:30 (Ch. 11)—The doors of the Pat Boone Chevy Showroom are already shut, but there are still two shows to be seen. Tonight's is the next-to-last; it was taped some time ago. Gordon MacRae pays a return visit here, after his pleasant call last November.

This time, he and Pat work a light-hearted duet to "Versatility." They make some quick changes of costume and mood during the number. Then there are the usual sweet songs, and some jazzy ones featuring Margaret Ann and the Ja-Das. 9-9:30 (Ch. 5)—Dick Powell's Zane Grey Theater goes back into its files for tonight's repeat, a film originally shown on Feb. 28, 1958. "The Stranger" stars Mary Stevens and what happens to him shouldn't happen to a dog.

He happens into town and sees a killing, but when the townsfolk think he's the guilty party, it's all noose to him. And that's what it looks like he'll get, too.

10-10:30 (Ch. 2)—This is the last of the Groucho Marx You Bet Your Life shows of the season, thereby winding up Marx' 12th year. And that should give any comedian a tough Marx to shoot at.

TODAY'S GARDEN HINT

AN EARLY START PAYS OFF!
The battle against insects begins early and every day lost means millions more insects to fight. Luckily, garden protection is no longer the trying task it once was. Modern chemicals do the work for us. "Eveready" Multipurpose Garden Spray packs a three-way punch with three of today's most effective insect-killers—malathion, methoxychlor and lindane. This one potent insecticide controls dozens of insects, so start using it now, and continue all summer. A scientific advance... backed by Union Carbide.

RICH'S

SEMI-ANNUAL

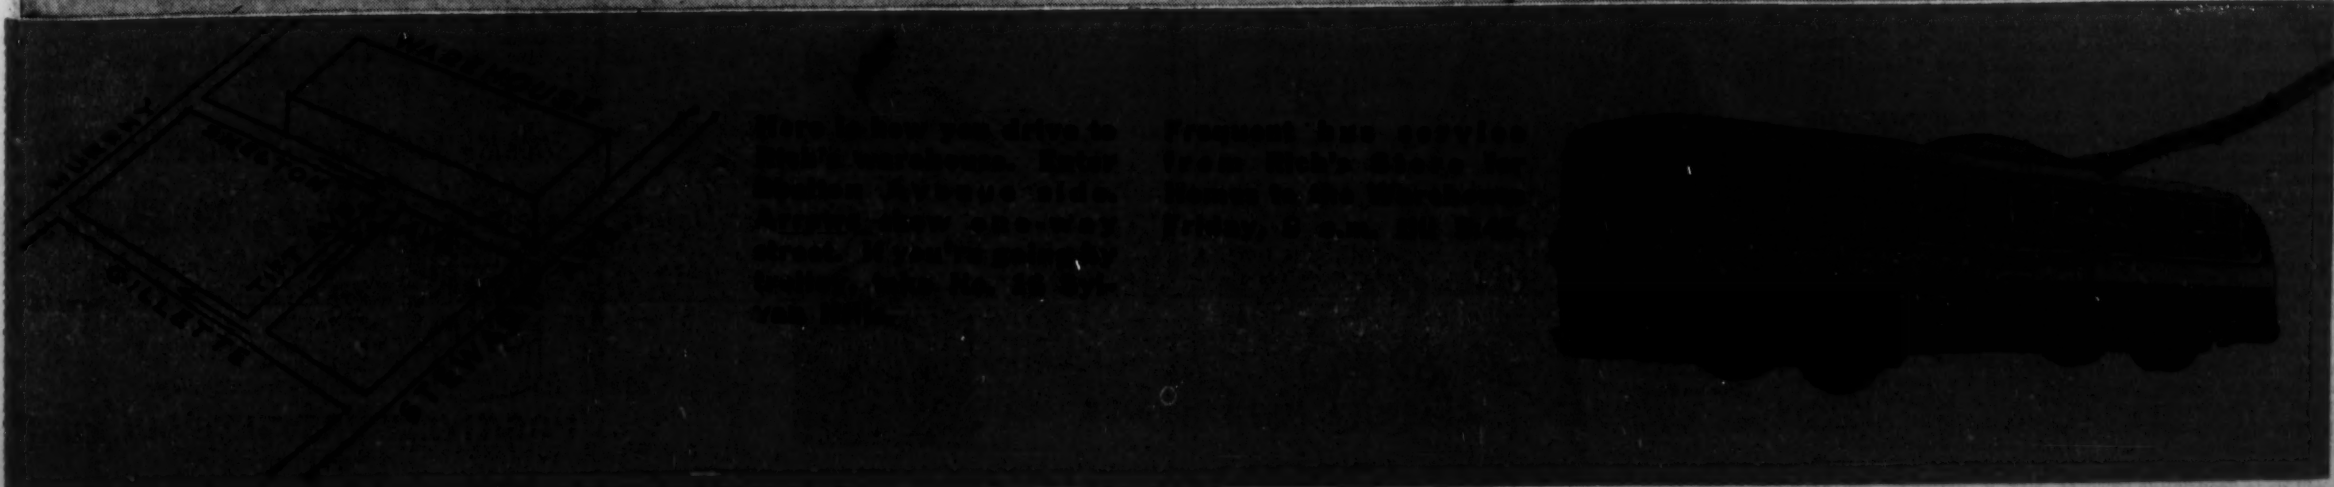

WAREHOUSE

SALE

STARTING FRIDAY ... 8 A.M. TO 9 P.M.

So big! So big! Rich's June Warehouse Sale is not only the South's biggest and best ... but Rich's biggest and best! It's a sale of such scope, such magnitude that it takes acres of space to hold it; scores of Rich's buyers ... our manufacturers ... have been planning it, buying for it, saving for it, for months. Dozens of the best-known, most respected names in the appliance, carpeting, furniture and other home fields have outdone themselves in providing out-of-this-world buys just for Rich's warehouse sale. Why? How? Because excess goods must go each season to make way for the new! Therefore, you find prices cut drastically on odd lots ... on great special purchases ... on damaged goods and one-of-a-kind specials. Special overstocks are scooped up and priced ridiculously low. This is indeed a great sale ... and you'll want to be here for the excitement because there'll not be another like it till January. Special credit facilities will be available to make the buying easy while prices are at an unheard-of-low.

LIMITED QUANTITIES! ONE-OF-A-KIND! NO MAIL, PHONE OR C.O.D.'S! NO HOLDS OR LAYAWAYS! DELIVERY IN GREATER ATLANTA ONLY!

Life in the Bachelor Set Isn't All Breezy Sports Cars

By JOYCE GEMMILL

Life among Atlanta's bachelor boys isn't all breezy low, wicked foreign sports cars, wonderful weekends devoted to wine, the pursuit of mad, mad "wimmen" and a rousing college song!

And while the Foreign Legion, the U.S. Navy and the YMCA offer safe retreats from the woman's world and the wedding band, comes a time in every bachelor's life when he would give his hi-fi set and the keys to his kingdom for the feminine touch — particularly when it comes to washing and ironing a shirt.

"I'm sure the mice are living the life of Mickey in my son's apartment," said the mother of one Atlanta male. "And that oven! It would be easier to grow potatoes in it than bake them."

And madam, if you haven't had a look at a bachelor's dresser, you haven't lived!

Topped by the pennant of the old Alma Mater, the dresser plays host to everything imaginable ranging from a tired old alarm clock to oodles of empty and half empty bottles of Christmas present colognes.

DISORDER REIGNS

A bottle of ink sits perilously close to the edge, pleading to be knocked over, while a photograph of a gal whose claim to fame isn't a Phi Beta Kappa key is given the place of honor on the wall.

But such minor items as a dirty stove and a disheveled dresser don't phase Atlanta bachelors Walt Banos or Dale Griffin a bit. And it isn't until every clean shirt and pair of socks in the bachelor abode have hit the laundry sack, that the boys decide it's time to rinse out a few things.

Watching these foot-loose and fancy-free lads perform the do-it-yourself laundry chores is a wonder to behold! In lieu of the laundromat which is just down the street, and in order to up the date money ante, our brave bachelor boys decide to launder the last two weeks' wash in the sink.

With carefree abandon and forgetting that red socks will run with the celerity of a trackman turned loose on the 100-yard dash, the laundry bag is dumped into the wash basin. There the red socks go on a color binge, and before you know it, T shirts and shorts have become a stunning shade of pink.

MALES UNDAUNTED

Our male domestics are undaunted however, and after strewing soggy socks, shirts and undershorts all over the room to dry, the bachelors heave a sigh of relief and head for a bottle of beer and the ballgame on TV.

Before the summer has completely expired, the boys sum-

mon up a last spurt of energy and courage and proceed to do battle with the iron. This always manages to deplete the shirt stock by at least one as who would have thought that leaving a hot iron on a wet shirt could possibly burn with such passion?

Oh well, it's getting close to date time so what to do but hoist out the electric razor, borrow the room-mate's best tie and out for an evening with the town's prettiest gal.

As for such menial labor as dusting under the bed or going a few rounds with the ring around the bathtub? Well as grandpa used to say, a little dirt never hurt anybody and what grandpa doesn't know, won't hurt her!

Mrs. Reynolds, Mr. Davis To Wed Today

At a quiet ceremony to be solemnized on Thursday morning at the Mikell Chapel of St. Philip's Cathedral, Mrs. Walter Reynolds will become the bride of Frank E. Davis Sr.

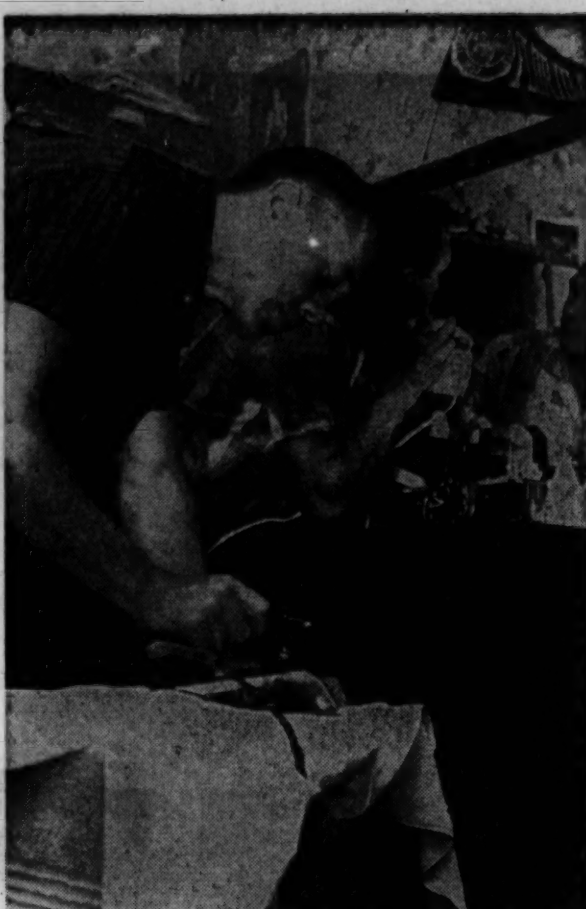

Dean Alfred Hardman will read the marriage service at 11 o'clock in the presence of Mr. Davis's two sons and their wives, Mr. and Mrs. Frank E. Davis Jr. and Mr. and Mrs. Jeff L. Davis.

Mr. Davis, a retired insurance executive, will take his bride to Sea Island for a wedding trip. Upon their return they will reside at 615 Old Ivy Rd., N.E.

Mrs. Reynolds has two daughters, Mrs. John B. Ewald of Sherwood Forest, Md., and Mrs. Robert S. Griswold of Falls Church, Va.

Annie Lou Hardy Tech Students To Visit Russia In Cultural Exchange Program

Out of 36 college students chosen to participate this summer in the U.S.-U.S.S.R. Exchange Project, two are from Georgia Tech.

They are John Barner, son of Dr. and Mrs. John L. Barner of Athens, and Oscar Persons, son of the Rev. Oscar Persons of Morrow. Both are juniors at Tech, the former a major in industrial management, and the latter in industrial engineering.

The boys made application for the project which is a cultural exchange furthered by visiting, sight-seeing and personal contacts to achieve understanding between the two countries. They were chosen because of their leadership and work with students. John, who is president of Province 4 of the Episcopal College Students in the Southeast, president of the Episcopal College Council and a national officer of the Canterbury Assn. applied through the United Student Christian Council. Oscar, the newly elected president of the Tech student body, made application through the National YMCA.

They will sail from Montreal tomorrow aboard the Ipania to spend the summer in the major cities of Russia. During this time they will be quartered in Russian homes, youth camps, hostels and Moscow University. En route to the U.S.S.R., they will spend six days each in Poland, Czechoslovakia and East Germany.

MR. AND MRS. JAMES D. ROBINSON JR. are receiving congratulations on the birth of their first grandchild, a daughter born June 16 at Piedmont Hospital to Mr. and Mrs. James D. Robinson III. The baby has been named Emily English for her paternal great-grandmother, Mrs. James D. Robinson Sr. Mrs. Robinson III is the former Betty Bradley, daughter of Mr. and Mrs. W. Gordon Bradley.

MRS. FRANK PITTMAN and her daughter, Germaine, are scheduled to arrive today from Beverly Hills, Calif., for a visit to Mrs. Pittman's parents, Mr. and Mrs. Earle R. Lewis, at their home on Knollwood drive.

MISS EVA BITAN, chancellor of the Israeli Consulate in Atlanta, leaves by plane from New York on Saturday for a holiday in Europe. She will go first to Montreux, Switzerland, where she will meet her parents, Mr. and Mrs. S. Buttenwieser of Israel. The trio will then tour the continent and spend a few days in Paris, after which Miss Bitan will go to Scandinavia for

a visit before returning to Atlanta.

VISITORS ARRIVING this week for Carroll Knott's marriage to Bobby Cagle on Saturday at Glenn Memorial Chapel include the Rex McMullans and their sons, Jeff and Barry, of Chillicothe, Ohio; Mr. and Mrs. John O. Davis and their daughter, Katy Lee, of Perrysburg, Ohio; Mr. and Mrs. John Lee and their sons, Johnny and Robert, of St. Petersburg; the George Pughs of Birmingham; the Robert Cagles Jr., Mr. and Mrs. Dan Hooks and the C. E. McLendons, all of Moultrie.

On Friday evening Mr. and Mrs. Frank Carroll Jr. will entertain the wedding party and visitors at a buffet supper at their home on Boulder Crest road, following the rehearsal.

LT. RICHARD K. GAMBILL, USN, and Mrs. Gambill have arrived to visit their parents, Mr. and Mrs. Charles R. Gambill and Mr. and Mrs. William D. Sims, until July 7. Mrs. Gambill is the former Carolyn Sims.

The couple is en route from Norfolk, Va., to Long Beach, Calif., where Lt. Gambill will report for duty aboard the USS Ticking.

MRS. JAMES L. MAYSON is having the time of her life since the arrival from Tampa of her three great-grandchildren, Peggy, Carolyn and Mayson Brooks, and their mother, Mrs. Ralph W. Brooks Jr. Mr. and Mrs. Brooks lived in Atlanta before moving to Tampa.

NEWLYWED MR. AND MRS. W. C. McDUFFIE JR. have returned from their wedding trip and are now getting settled in their Singleton road home in Norcross. Mrs. McDuffie will be with her mother, Mrs. W. G. Cowan, of Marietta, while her husband is on maneuvers at Travis Field, Savannah.

ATLANTANS OFF TO CHAT-TANOOGA this week to attend the Baylor Summer Camps on the campus of the Baylor School were Bobby and Tommy Fraser, Bart Miller, John and Barney Ireland, Bob and Russell McGee and Thomas Phillips III.

FINAL PRENUPTIAL PARTIES for Sandra Murray and her fiancé, Gary Earl Keeble of LaGrange include the luncheon to be given tomorrow by Mrs. Salem Hyde, and the alfresco dinner with the Jerome B. Poseys as hosts on Saturday at their home in Chamblee.

Mrs. Betty Wynn will be hostess at the bridesmaids' luncheon on June 26 at Argyle House, and after the rehearsal that evening Mr. Keeble's parents, the Earl C. Keebles, will give a dinner at the Athletic Club.

On Monday Sandra, her mother, Mrs. J. Alexander Murray,

and her sister, Lee, motored to LaGrange for a tea given for Sandra by Mrs. James K. Keeble and her mother, Mrs. W. L. Finney. The wedding is slated for June 27 at St. Philip's Cathedral.

FIRST WOMAN elected a member-at-large of the Southern Baptist Convention-WMU executive board was Mrs. John I. Alford, left. Here she poses with Mrs. Joseph R. Eubanks at the tea the latter gave in her honor at her Peachtree Battle avenue residence. Mrs. Alford has served for 30 consecutive years as an officer of WMU.

"Arms and legs soft and smooth again, like when I was much younger!"

Below is a letter written to Sea & Ski from Mrs. Lillian Knox, of 32444 Mohican St., Hayward, Calif., her first fan letter.

It is one of many thousands of unsolicited letters from all over the world, praising Sea & Ski for valuable uses over and above a sunburn preventive.

We print this letter here, because we believe every woman will be vitally interested in Mrs. Knox's experience with Sea & Ski as a body lotion.

MRS. KNOX'S LETTER

"Dear Sir:

Last summer my skin got so dry and flaky from the sun, I tried your Sea & Ski just to relieve the dry, flaky appearance. I have very dry skin. I am 43 years of age. I was so surprised to find my hands, arms and legs began to look and feel soft and smooth again, like they did when I was much younger.

For the first time in years, the dry, scaly skin on my legs and back of my heels disappeared. Several of my friends have tried it at my suggestion and say the same thing.

I have tried every hand lotion and body lotion ever put out without being as pleased as I am with this Sea & Ski."

BANISH YOUR DRY SKIN PROBLEMS WITH SEA & SKI

Round of Parties Honor Miss Dorsey, Mr. Sisk

Tuesday, July 14, is the date Miss Mary Adair Dorsey has chosen for her marriage to James Thomas Sisk Jr., the ceremony to take place at 6 o'clock in the Winship Chapel of the First Presbyterian Church.

Afterward her parents, Mr. and Mrs. Hugh M. Dorsey Jr., will entertain at a reception at the Piedmont Driving Club, with friends of the bridal couple in attendance.

The Rev. Loren Young and the Dr. William I. Howell will officiate in the presence of relatives and close friends.

Mr. Dorsey will give his daughter in marriage, and she will be attended by her sister, Laura, as maid of honor. The only bridesmaid will be the bride-elect's cousin, Cornelia Campbell of Orlando, Fla.

Mr. Sisk has chosen his father, James T. Sisk of Marietta, as his best man, and Floyd Northcutt of Marietta as groomsmen.

The ushers will include Don Cole of LaGrange, Dent Acres of Cedartown, Louis Ray of Marietta, and the bride-elect's cousin, David C. Black III of Atlanta.

COUNTRY BARBECUE

Mr. and Mrs. William A. Rooker started the party series for the young couple with a barbecue they gave at their country place, Westover Farm. This was followed by Margaret Storey's luncheon at the Driving Club for the bride-to-be, and a dinner given by Mr. and Mrs. Ralph Williams at their Woodward Way residence.

On Sunday Judge and Mrs. Luther Rosser gathered all the members of the bride-elect's family for a breakfast at the Driving Club in compliment to their niece.

Mrs. Casper S. Whitner Jr.

has planned a luncheon for Miss Dorsey on Friday at the Capital City Country Club, and on June 29 Miss Grace Woods will give a kitchen shower. Mrs. William N. Mitchell has set her linen shower for Wednesday, July 8.

On Friday, July 10, Miss Dorsey will share honors with another bride-elect, Miss Wynn Conard, at the cocktail party to be given by Mr. and Mrs. Cam Dorsey. The pair will share honors again when Mr. and Mrs. John L. Craig come from Nashville, Tenn., to be hosts at dinner at the Biltmore Hotel.

PLAN COCKTAIL PARTIES

Mr. and Mrs. James P. Furniss and the Roy Dorseys have planned a cocktail party for Miss Dorsey and her fiancé on Sunday, July 12, at the Dorsey home on Bohler road, and the following day, Mr. and Mrs. Sisk will entertain at a rehearsal dinner party at their home in Marietta for their son and his fiancée. The day of the wedding Mr. and Mrs. Jim Dorsey will be hosts at luncheon at the Driving Club for members of the wedding party and the guests from a distance.

After their wedding trip, Mr. Sisk and his bride will reside in the Ashley Hall Apartments on Roswell road.

Visitors expected for the wedding and the final pre-nuptial festivities are the bride-elect's uncle and aunt, Dr. and Mrs. James L. Campbell of Orlando, Fla., and her maternal grandparents, Mr. and Mrs. Casper S. Whitner of Jackson, Miss. They plan to arrive on July 10.

Breakfast
Pineapple Juice
Ready-to-Eat Cereal
Broiled Bacon
Broiled English Muffins
Butter Marmalade
Milk Coffee

Lunch
Cottage Cheese Salad With Orange Sections and Prunes
Buttered Toast Triangles
Speedy Cup Custards
Milk

Dinner
Baked Stuffed Pork Chops
Extra Stuffing
Hot Spiced Applesauce
Buttered Carrots
Tossed Green Salad

Bread
Butterscotch Pecan Sundae
Milk

Speedy Cup Custards
½ cup sugar
¼ teaspoon salt
1 teaspoon flour
¼ teaspoon cinnamon
¼ teaspoon nutmeg
4 eggs
2 cups milk or half and half
½ teaspoon vanilla

Combine sugar, salt, flour, and spices; mix well. Beat eggs lightly. Add sugar-spice mixture and blend. Stir in milk and vanilla. Strain into buttered custard cups filling cups to within ¼ inch of top. Place rack in Dutch oven or chicken fryer with tightly fitting cover. Pour hot water into pan up to bottom of rack. Cover pan and bring water to a boil. Arrange custard cups on rack over boiling water. Cover dishes with a circle of foil. Cover pan. Cook over low heat until custards are done, 10 to 15 minutes. Insert silver knife in center of custard near end of cooking time. Custard is done when knife comes out clean. Cool. Cover and refrigerate until used. Serve chilled, plain or with fresh or defrosted frozen berries, whipped cream or silvered nuts. Makes 6 to 8 servings.

Lebanese Women Follow Pace Set by Americans

By HARRIETTE WEINSTEIN
American women have cleared the way for the Lebanese, reports an Atlanta visitor from Beirut, Lebanon.

"Women in our country are progressing fast," said Mrs. George Shahla, a leader in nursing social work in her country.

"All professions are open to women. The American women won the right to enter professions and won that right for us, too."

"Our first teachers were American missionaries. And many of our people have studied in America and seen the contributions American women have made to their country. So they have no objections to our entering various professions."

This acceptance is only if the women are single or if their children are grown.

"However, they feel that married women ought to devote their time to their children. And I agree. After all, we have our children such a short time. And how can we raise them right if we leave them to the care of nursemaids?"

DAUGHTER LIVES HERE

Mrs. Shahla's only daughter is now married and living in Pennsylvania with her husband, Dr. George Hanania, a chemistry professor at University of Pennsylvania, and two children.

"George was a distant relative," said Mrs. Shahla. "However, he and my daughter started dating while both were doing advanced study in England."

Aside from visiting her daughter, Mrs. Shahla, a graduate

nurse, is in this country to work toward the building of the Nurses Home of Beirut.

"The salaries of nurses in our country are low," said Mrs. Shahla. "We have no pensions or social security. When nurses retire, after devoting their life to serving the country, many of them have no one to look after them. We hope to establish this home to care for these retired nurses who have worked or are working in the Middle East, regardless of race, faith or nationality."

Mrs. Shahla, a graduate nurse, first got the idea for this home while visiting in Denmark with her husband, an education professor at the American University of Beirut.

VISITS HOSPITALS

"While my husband visits schools, I visit hospitals, state nursing associations and nursing homes," she smiled. "And I saw the nursing home in Denmark and brought the idea back with me."

Then her alma mater, the American University of Beirut School of Nursing, began plans for its Golden Jubilee in 1955. The nurses voted to turn their money toward this home project instead of a big banquet.

"We decided there was nothing better or more worthwhile for us to do than to think of the nurses who had given a lifetime of service to humanity instead of spending our money on a big banquet and big speakers."

"Our first gift came from the Nurses Home of Babylon in New York, which pleased us since our nursing school in Beirut was established by American missionaries."

Punch Ice Ring

NEW YORK (UPI)—Float a ring of ice in the punch bowl to chill the party beverage. Make the ice ring by freezing water in a ring mold. Unmold by holding briefly under running hot water.

PRIZE WINNING EXHIBITOR AT LUNCHEON
Mrs. J. D. Abercrombie of Palmetto

Handicapped by Name Lilies Come Long Way

By YOLANDE GWIN
Daylilies are foolproof.

They will grow for anybody anywhere. They can be arranged in formal, informal, amusing, exotic or in a "devil-may-care" setting.

There was everything yesterday at the seventh annual show at Rich's. One of the outstanding facts about these blooms is that they have come a long way up the garden path even though handicapped by such a name as hermodactylis. It is a good name if you speak Greek because it means "beautiful for a day."

One class—the card said the theme was "Unusually Interesting"—and it was just that, with the lilies thrown in for good measure.

WINNING SETTING

For instance, the winning setting done by Mrs. James Sartor and Mrs. Harmon Johns of the Laurel Garden Club was an old-fashioned ice cream freezer perched on a piece of flagstone. A juicy-looking peach, the freezer handle and the dasher had

been placed with studied carelessness as accessories.

Then there was the black wrought-iron foot scraper offset with a small yellow foot filled with lilies. It was done by Mrs. W. L. Parker and Mrs. S. E. Smith of the Perkerson Woods Garden Club and won second place. Third place went to Mrs. F. H. Langston of the Flower Growers Garden Club who draped some lilies over a Seth Thomas clock.

The public really got a jolt by the entry of Mrs. J. M. Hood of the Northwood Hills Garden Club, but it didn't send the judges, they just placed it fourth. It was a man's large shoe placed on a brown leather brief case and filled with lilies. The backdrop was a pair of beige pants.

OTHER CLASSES

The other classes were the more formal type and each was beautiful. In one, called "Stemmed Hens," the entry of Mrs. Wailes Thomas of the Four Seasons Garden Club was the best in the show and Mrs. Thomas collected ribbons and a trophy. Her flowers were displayed in an exquisite crystal decanter and set in a niche with a pale green background. It was exquisite in every detail.

Mrs. J. D. Abercrombie of Palmetto who whispered that "if I hadn't been so stingy about cutting my flowers I would have won more."

Fortunately for the other exhibitors she was stingy but well satisfied. She won the Lester perpetual trophy given by Rich's, and the silver prize given by the store for the finest horticultural entry, "Midwest Majesty." The same lily won for her the award of merit given by the Garden Club of Georgia, also the special purple award of the American Hemerocallis Society and a gift of the variety "Fairy Wings" given by the hybridizer, Mrs. Hugh Lester. This variety won the American Hemerocallis Society's President's cup in 1957.

Dr. and Mrs. George Gish Jr. won the Garden Center's sweepstakes ribbon and a silver

award. Mrs. Q. A. Wills of Alpharetta won a silver prize for the best collection and Mrs. Kenneth Duncan received the purple special award of the American Hemerocallis Society for her entry in the "Evelyn Claar" class.

Blue ribbon winners for arrangements were Mrs. Peter Clarke, Chatham Forest Club; Mrs. A. Lotos, Ashford Park Club; Mrs. John Maher Jr., Hapeville Garden Club; Mrs. C. V. Gowing and Mrs. G. R. Gish, Indian Creek Club. A special exhibit was the new variety named for Mrs. Elizabeth Payne Edmondson, Garden Center head.

A junior miss named Libby Allison representing the Northwood Hills Junior Club entered a lily named "Mabel Fuller." She was winner in the junior exhibitor's class and received a silver bowl. She also entered the show last year showing the same variety.

"And what did you win last year?" a bystander asked.

"All I got was my picture in the paper!" she answered.

Remove the Eyes

An easy way to deal with fresh pineapple is to cut the fruit into rounds before slicing away the rind and removing the "eyes."

University Women Set Convention

The national American Association of University Women's convention will be held in Kansas City, Mo., June 21-26, with Mrs. Eleanor Roosevelt among the speakers.

Dr. Anna L. Rose Hawkes, AAUW president, will make the keynote address Sunday, June 21.

Mrs. Roosevelt will speak Tuesday on "Is America Facing World Leadership?" Other topics included on the agenda are "If You Care Enough," "The College Woman's Responsibility for Mass Media," "The Arts on the Move—Are You?" and "The Individual and Government."

Judge Mary H. Donlon of the U.S. Customs Court will speak on "Politics, Power and Your Granddaughter."

The convention closes Friday with a banquet.

TO WED ON SUNDAY

Miss Vivian Harrison, daughter of Mrs. Ruby Johnson of Donalsonville, will wed Chris Brookins of Atlanta, son of Mr. and Mrs. H. L. Brookins of Donalsonville, on Sunday, June 21. The ceremony will take place at the Friendship Methodist Church in Donalsonville.

Easy Way to Kill Ants and Roaches

JOHNSTON'S NO-ROACH: Simply brush Johnston's No-Roach on baseboards and cabinets to control cockroaches. Brush the colorless, odorless liquid on window and door sills to stop ants. Stays effective for months. No need to move dishes, or breathe harmful sprays. Johnston's No-Roach is preferred by good housekeepers. 8 oz. 89c; pint 1.69

Europe's Best Bargains

Here's your shopping guide to where and how you can find the best bargains in Europe. Included are names, addresses and advice on whether to haggle over the price at shops in London, Milan, Paris, Brussels and many others. It's a must for the tourist, and a window-shopping spree for the stay-at-home. "Where to Shop in Europe" will continue daily in The Constitution women's section.

Taxes in Georgia

How much of your salary goes to state taxes? How much money a year do you pay in sales tax? Journal staff writer Raleigh Bryans reports on what percentage of a \$5,000 salary a married couple with no children, one child, and two children must pay each year in state taxes. He also compares Georgia's sales tax with that of other states.

First Swimming Lesson

It's been said that children take more readily to the water than adults. In the women's section Sally Gaines, Journal staff writer, finds out how true this saying is when she visits a beginner's class of children—part of the Red Cross program of free swimming instructions being offered in Atlanta parks this summer.

Can You Fool a Lie Detector?

Chances are you probably couldn't fool a lie detector, but one AWOL soldier nearly did and almost lied himself into the electric chair. In The Sunday Magazine Willard Neal, Magazine staff writer, talks with Arthur L. Culver, noted criminologist, who says that even though a lie detector is not a mind reader, it's most useful for digging out the truth.

Forrester Assails Party Rights Stand

WASHINGTON—Rep. E. L. (Tic) Forrester places the blame for civil rights agitation in Congress squarely on his own Democratic party and Sen. Lyndon Johnson in particular.

Forrester did so Wednesday as he blasted as "vicious" a civil rights bill reported favorably by a House Judiciary subcommittee stacked with Northerners.

The Georgia congressman is a member of the full Judiciary subcommittee, headed by Rep. Celler (D-N.Y.), but is not a member of the subcommittee that reported out the bill. No Southerner is on that panel which Celler also heads.

BLAST AT PARTY

And then Forrester took out after the Democrats.

"Honestly requires me to say that the Democrats are 100 per

cent responsible for this action," he declared. "While the Republicans have joined in the passage of civil rights legislation, never have they been the aggressors, while the Democrats have relentlessly insisted upon legislation of this type.

"It is the opinion up here," Forrester added, "that Sen. Lyndon Johnson's insistence upon his civil rights bill is responsible for action at this session. That is what gave it the impetus to get started."

JOHNSON'S BILL

Johnson, the Senate majority leader from Texas, introduced early in January a mild civil rights bill of his own. That maneuver was regarded here as one to head off tougher legislation and also to make the Texas more acceptable to the North as a presidential possibility.

In view of his blast at the Democratic party, Forrester was asked if he is or will advocate that the South leave the party.

"I think the South should consider doing what is good for the South," Forrester replied.

WAIT-SEE POLICY

Asked if he would vote for Johnson for president, the Leesburg lawmaker said: "It would depend on who else I had to consider. I would vote for him before I would for some others."

Forrester said he did not think the full Judiciary committee will be able to hold up the civil rights bill very long, although the Southerners will oppose it as vigorously as they can.

Auto Fan Fined

STRATFORD-ON-AVON, England (UPI)—Frederick J. Moss, 17, was fined \$140 Wednesday and placed on probation for three years for stealing more than 250 automobiles in the last year.

Associated Press Wirephoto

NUMBER 27—FORT KENT, Maine—Mrs. Helldore Cyr of Lodges, N.B., proudly holds her 27th child, Roger Reno. She gave birth to him at the People's Benevolent Hospital here Wednesday. The youngster weighed seven pounds and five ounces.

Fulton's 2,179 Patients Lead at Milledgeville

Fulton County, with 2,179 patients contributed by far the largest share now committed to the Milledgeville State Hospital.

Figures released Wednesday by the Georgia Health Department show that more than one-seventh of the hospital's 14,324 patients are from Fulton County.

Following is a list of counties, 1938 estimated populations and number of mental patients at the hospital or on an out-patient basis:

Excessive amounts of oily secretions on skin cause acne germs to multiply

STOP "OILY SKIN" TO CHECK PIMPLES!

It doesn't help just to cover pimples. You must cut down action of pimple germs... promote healing

Don't pinch, scratch or squeeze pimples! And don't doctor yourself with a preparation that may cover them up, but lacks real medical value. For real relief you must use a scientific method.

Doctors know that the cause of acne or pimples is invasion of the ducts of overactive oil glands in your skin by a germ called the *acne bacillus*. These germs breed on the excessive oily secretions. They cause blackheads and pus pockets; then your skin "breaks out."

What's needed is (1) to dry up the excessive oil or sebum that collects on the skin; (2) to destroy the acne germs on the skin; and (3) to stop itching and irritation so the pimples can heal.

A doctor's formula, liquid Zemo, has this 3-way action; that's why it's effective. Keeps your skin looking clearer, too!

To check action of pimple germs at night—use Zemo ointment. Fresh-colored. Both liquid and ointment come in regular and extra strength.

zemo

COMPUTER PROGRAMMERS & TEST EQUIPMENT TECHNICIANS
NEW OPENINGS IN FLORIDA WITH PAN AM
The Guided Missile Range Division of the American World Airways, Inc. has prime responsibility for management, operation and maintenance of the Atlantic Missile Range, site of our nation's major missile test and space probe activities. This responsibility now creates new opportunities for:

COMPUTER PROGRAMMERS
Positions require broad knowledge of systems analysis, math, and IBM data reduction methods, plus a minimum of 2 years experience in programming IBM 650 type RAMAC Computers. Personnel selected will plan programs by preparing a broad narrative outline showing the sequence of card input, program steps, and card or printed output. Will also prepare programs by writing specific individual machine sequence steps.

TEST EQUIPMENT QUALITY CONTROL TECHNICIANS
Positions require minimum of 2 years experience in calibration of a wide assortment of electronic test equipment. Job duties include work on high and low microwave measurements, meters, counters, oscilloscopes and associated precision standards.

The bidding:

West	North	East	South
Pass	1 ♠	Pass	2 ♦
Pass	3 ♦	Pass	4 NT.
Pass	5 ♥	Pass	5 NT.
Pass	6 ♦	Pass	Pass

Opening lead: Jack of ♥.

Ace leads against slams are not, in the long run, apt to be nearly as effective as is commonly believed because one trick alone will not defeat the contract. My practice is to avoid laying down an ace in such cases unless there appears to be some prospect of an additional trick, either in my own hand or in partner's. An exception is to be noted in the cases where one is persuaded that dummy has a solid suit which will provide discards. There, time is of the essence and the cashing of an ace is recommended as being nice work if you can get it.

West, today, combined his knowledge with a little bit of fortune and succeeded in defeating what might ordinarily have been an invincible contract.

The slam contract was fully justified and both players certainly had ample values. Unfortunately, there exists a great deal of duplication in the club suit. Had South held one more club and one less spade, the hand would have been a laydown.

The jack of hearts was opened and taken by the king. While trumps were being drawn, West did some thinking. There was obviously no heart or club trick for his side since South's five no trump bid announced the rest of the aces. It appeared that the only hope was to take two spade tricks. When declarer led a spade, West promptly played low. South played the nine from dummy (this is the correct percentage play) and East won with the ten. From this point on there was nothing declarer could do, since hearts failed to break.

If it is argued that West might have lost his spade trick by playing low, the answer is, "What is 30 points more or less when there is so much at stake?"

Joseph Cuba Named Head of Synagogue Area

Joseph Cuba of Atlanta has been named president of the Southeast Region, United Synagogue of America.

He was elected during the region's 11th annual spring conference at Miami Beach, Fla. The region comprises Alabama, Florida, Georgia, South Carolina and Tennessee.

Cuba is a past president of the Ahavath Achim Synagogue here. Hyman Meltz of the Atlanta Ahavath Achim Congregation was among seven region vice presidents named.

Puerto Rico Music

SAN JUAN, Puerto Rico (AP)—Acting Gov. Roberto Sanchez has signed a law providing \$230,000 to set up the Commonwealth of Puerto Rico Conservatory of Music. It will be headed by the great Spanish cellist Pablo Casals, who lives here.

TODAY'S GARDEN HINT

HOW TO GET BETTER BLOOMS
Ever notice how some gardens are a blaze of blossoms from Spring through Fall, while others are spotty and sparse? The secret is insect and disease control. Insects sap plant vitality, limit the number of blooms. That's why it's good to know that with top-quality "Eveready" Floral Dust you can protect many ornamental garden plants from both insect and disease damage. Start now and dust twice weekly. Comes in an easy-to-use squeeze duster package! A scientific advance backed by Union Carbide.

HEALTH and HAPPINESS
By Dr. Sarah Jordan

Varicose Veins May Take Surgery

There is a superficial and a deep circulation in the legs. If the deep circulation is obstructed by an inflammatory process, the superficial circulation increases in the size of its vessels as it tries to compensate.

Then, too, veins have valves which help to control the flow of blood. Sometimes these are not as efficient as they should be, with the result that there is too much blood at one time in the vein. To hold the blood the vein has to dilate and with dilation there is tortuosity.

The strain of the upright posture is a heavy one on the veins of the legs and added to the normal strain there is often an unusual burden, as in pregnancy for instance. Also, excess weight above what the individual stature is intended to have is likewise a burden, and very obese people are sometimes greatly troubled by varicose veins of the legs. When the valves of the veins are destroyed, small hemorrhages from the dilated veins may occur under the skin with the appearance of red or purple spots. Infection may also complicate the condition.

With relief of pressure, as with the completion of pregnancy or reduction in weight of the obese, veins may return to their normal state. If varicose veins are chronic and causing pain or disability, several relief measures may be used.

Bandages are used to counteract the pressure of gravity when the patient is standing. In certain types of varicose veins, injection with a solution can be used. This solution hardens the vein, thus preventing it from filling and dilating. In other cases, tying the vein off at a high level and stripping it out is a very satisfactory operation. The surgeon must make the decision as to which type of procedure is suited for the kind of varicosity involved.

(Dr. Jordan cannot undertake to answer personal questions by mail. However, questions of general interest relating to health will be discussed from time to time in this column.)

Welfare Rise In Fulton Tops State Average

Between 1956 and 1959, the number of individuals involved in Fulton County welfare cases increased 2.4 per cent more than the number of persons involved in cases in the rest of the state, a state welfare official said Wednesday.

C. A. Dolittle, director of the State Welfare Department's division of business administration, said that while the number of individuals in state cases averaged a 7.7 per cent increase between May, 1956, and May of this year, Fulton County's number rose 10.1 per cent.

Dolittle gave the figures in correction of a story in the Sunday Journal-Constitution which said Fulton's caseload had increased only 4.5 per cent to the state's 7.7 per cent. The 4.5 per cent figure actually applied to the ratio of cases to total population, he explained.

Kuwait Sheik Dies

CAIRO (UPI)—Sheik Fahd al-Salim as-Sabah, brother of the ruler of oil-rich Kuwait, died of a heart attack Tuesday in Saudi Arabia, Mecca radio said Wednesday.

RHYME
A DAY

By
OLLIE
REEVES

"Remember dad on Father's Day with one of these, etc."—Advt.

We have so many special days... There's not enough to go around... We have a special day to praise... The virtues of the humble hound... The apple-week, the month for cheese... The week for eating rhubarb pie... and as you scan the list of these... You note they're things that you should buy.

Next Sunday will be Father's Day... Another day that's set aside... And in a most peculiar way... Some of his needs will be supplied... No doubt he will receive a pair... Of shoes, or a portfolio... A sport shirt that's too gay to wear... To bull-fights down in Mexico... Some razor blades and cigarettes... A necktie that will drag the floor... Then, later in the month he gets... The bill from the department store.

Do you know what I think would be... The gift that would be paramount?... To have one special month when he... Had nothing charged to his account.

Default Bid Studied in Loan Case

The Teachers Retirement System decided Wednesday to make further study of a request by a controversial Atlanta firm to be removed from default status.

The system's trustees named State Auditor B. E. Thrasher Jr., chairman, and member George Culpepper to study the records of the firm, Atlanta Development Company.

Atlanta Development's \$530,000 loan from the Teachers Retirement System became a source of controversy after relatives of Compt. Gen. Zack Cravey, who is a system trustee, gained an interest in the company.

Cravey was censured by the Georgia Industrial Development Administration two weeks ago for his part in the transaction.

Atlanta Development had fallen in arrears in its payments to the Retirement System. It also had filed semi-bankruptcy proceedings in Federal Court. It later withdrew the proceedings and offered to catch up his payments to the state system.

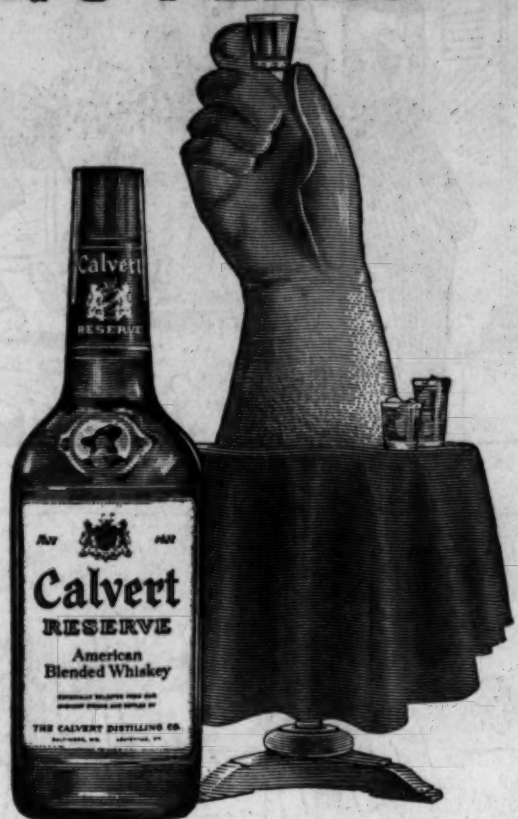

Thrasher commented Wednesday that it was a mystery to him how Sillin "suddenly got so much money."

Commissioner of Labor Ben T. Huiet, a retirement system trustee, said newspaper handling of the stories about the loan had given some persons the impression the trustees had given away the \$530,000.

Thrasher replied that "that ought to be a lesson to us. Let's don't get involved in anything like it any more."

Reynolds and Gano Ride Off With Five Blue Ribbons

Vic Thompson Nearly Ousted

By GEORGE CUNNINGHAM
Blue ribbon monopoly by two lovely ladies and the near withdrawal of the world's walking horse king sparked Wednesday's opening of the Greater Atlanta Horse Show.

With approximately 2,000 in attendance at North Fulton Park, Betty Reynolds and Gail Gano grabbed five first places in the inaugural session of the four-day meeting of the equine set.

Reynolds, a diminutive doll from Tryon, N.C., celebrated her recent high school graduation by winning three of four jumping events. And Atlanta's Gano remained the queen of the palomino people by sweeping both of the events she entered.

Daughter of a horse farmer, 18-year-old Reynolds won both the ladies' hunter and hunter hack in the conformation division aboard Can Do, owned by Mrs. Jim Burden of Aiken, S.C.

Then in the open class, she soared supreme aboard Sis to take first place in the working hunters and a close second in the lightweight hunters aboard Sis, owned by Ann Latimore of Aiken, South Carolina.

It was an impressive performance by the diminutive blonde and gave her virtually an uncatchable lead for the championships of both divisions.

Miss Gano, winner of practically everything last year in the palomino division, apparently wants everything this year. Aboard the incomparable Chico's Golden Sensation, she easily was tied first both in the western pleasure and performance classes.

Meanwhile Vic Thompson of Shelbyville, Tenn., winner of the walking horse championship stakes here the past three years, almost failed to qualify for Saturday night's finals this trip.

Thompson's first setback came several days ago when his prize, Sun's Celebration, slipped during loading and injured a leg.

That eliminated Thompson from the stallion and gelding division. As he was preparing Bell of the Dell for the mare elimination, Thompson said, "If I don't finish third or fourth with this horse, we'll have to go back home tomorrow."

Bell of the Dell, owned by Peck Carlton of Albany, responded with a second place finish behind Big Man's Sashay, a West Virginia horse which, incidentally, was ridden by the only girl in the class, Miss E. J. Flaccus.

Henry Defeats Cuban, Connerat's Beaten

BIRMINGHAM, Ala. (AP)—Crawford Henry, Atlanta's last men's singles hopeful, advanced to quarterfinals of the Southern Tennis Tournament here Wednesday by eliminating Cuban Reynaldo Garido, 6-3, 6-1.

Atlanta Mary Anne Connerat, a pretty University of Georgia coed, went three sets before losing to former Southern women's titlist Jean Clarke, 6-3, 5-7, 6-1.

In men's doubles, Henry and Larry Shippey defeated Pet Wilson and Logan Monte of Birmingham, 6-0, 6-0; and Atlanta's Howard McCall and Ned

Crackers Belt Lookouts, 12-5

Continued from Page 41
mer. The Illinois bomber chased the first rally across with a blistering double to left, singled during the second-inning rally and poked a 450-foot inside-the-park homer to deepest center in the fourth.

Baumer, hitting only .207 until Wednesday and in and out of the lineup for weeks, slashed his first round-tripper off Wilson to lead off the fifth.

His final smash came at the expense of Atlanta Chuck Garmon, third Lookout hill mounter, and accounted for the last two Atlanta runs in the ninth. Poochie Hartsfield was on first base with a single at the time.

All 10 Crackers who played connected for one or more hits, the last being Panko with a ninth-inning single following Baumer's final smash. Shearer, hitting safely in his 12th straight game, retired with an ailing back after batting in four runs in the first two innings.

Lindbeck stretched his consecutive game batting skin to nine games.

Al Federoff started the first-frame fusillade with a single to left. After he was forced by George Holder, Lindbeck doubled. Shearer and Bob Talbot singled and Baumer doubled before Look-out skipper Johnny Marion could

Even Thompson wasn't optimistic about a repeat in the championship stakes Saturday night. Winner probably will be Miss Flaccus or Harold Kenedy, who

SMITH HIGH NAMES JENKINS HEAD COACH

Smith High School has a "new" head football coach. He's Donald (Chub) Jenkins, already well known to Smithie supporters as line coach.

Chub Jenkins

Elevation of Jenkins to replace departed Lloyd Kimmel was announced Wednesday by Atlanta City Schools Athletic Director Sid Scarborough. Kimmel was named head coach at East Atlanta High School.

Jenkins, who is currently at Peabody College in Nashville, Tenn., working on a degree, will assume his duties this football season. He has been associated with Smith High since August of 1954.

Previous to his assignment as line coach at Smith, Jenkins was highly successful at Southwest High School.

Jenkins is a former football and baseball

stickout at Atlanta Boys High and the University of Georgia.

He had been head baseball coach at Smith, developing young Robert Gumm into a tremendous all-around athlete. Gumm, however, fell victim to tuberculosis in March, and didn't perform for Jenkins in his final season as head baseball coach.

WEDNESDAY RESULTS

Lead Line—Marry Lee Polick, Sandy Springs; David Cazel, East Point; Holly Christine, Sinita; Laird Williams, L. Powell Baker.

Locally Owned Pair—White Shadows, owned and ridden by Jack Grumley; Lucky Strike, owned and ridden by Patti Marrett, Marietta; Dr. Boy, owned and ridden by Donna Dwyer, Sny-rocket, owned and ridden by Clement Bloom; Peppermint, owned and ridden by Neil Theobald.

Three-Gaited Novice—Fox of Fairview, owned by Fairview Farms of Marietta, owned and ridden by Frances Samuels; Going Yonder, owned by Bell's Farm, owned and ridden by David Kendrick; Black Prince, owned by Jeanie Brandt, Super Duper, owned by Betty's Farm, owned and ridden by Gary Kendrick.

Five-Gaited Novice—Carbon Copy, owned by Lillard Cox; Bean's Blazing Genius, owned and ridden by Mike Ricca; Kenner, J.A., Mr. Sunlight, owned and ridden by S. M. Wall, Gainesville, Fla.; Monolith, Stoneval, owned by Mat McDuff of Macon, and ridden by Jimmy Glidewell; Betty's Rural, owned by J. D. Jackson of Macon and ridden by Linda Laget.

Western Pleasure—Chico's Golden Sensation, owned and ridden by Barry Harris, Rockmart; Chico's Golden Sensation, owned and ridden by Barry Harris, Rockmart; Chico's Golden Sensation, owned and ridden by Barry Harris, Rockmart; Chico's Golden Sensation, owned and ridden by Barry Harris, Rockmart.

Yank's 8:55.2 Stops Scots

DUBLIN (AP)—Dyke Benjamin of Harvard ran two miles Wednesday in 8:55.2 for one of the best performances ever put up by an American over the distance.

Benjamin defeated Scotland's Graham Everett, one of Britain's top middle distance men, by 90 yards over the exceptionally fast Santry Track outside Dublin.

A combination track and field team from Harvard and Yale was competing against a group of Irish and British athletes.

Pitcher Can't Lose

Ned Garver of the Kansas City Athletics says: "Most every big league pitcher hates to lose and I am no exception. But I figure I can't possibly lose with Cooper tires on my car." Cooper tires are so good that they are doubly guaranteed in writing: (1) For life against structural failure—with no limit on time or mileage. (2) Up to 3 full years against accidental road hazard failures. This means that Cooper pays the bill if you accidentally ruin a Cooper tire. You can't lose when you have your Cooper dealer put new Cooper tires on your car.

Cooper Tires . . . miles ahead

JOHANSSON CALM AS BOUT NEARS

GROSSINGER, N.Y. (AP)—Ingemar Johansson is as calm as a Swede sliding up to a smorgasbord. If he is worried about his June 25 title fight with heavyweight champion Floyd Patterson, it doesn't show.

The handsome challenger loafed in his plush headquarters before driving about a half mile to the training ring where he is preparing for his most important fight.

"Patterson looked much better to me in Helsinki (1952 Olympics where Patterson won the middleweight title) than he did against Brian London in Indianapolis," he said. "I prefer a stand up fighter rather than a croucher. In the Olympics, he was a stand up fighter. He was so fast that nobody could see his punches.

"From what I saw in Indianapolis he is not as fast anymore. Maybe it is that style they say his manager taught him. Whatever it is, I think he looked better seven years ago."

The challenger, a look-alike to pitcher Robin Roberts of Philadelphia, was asked why he had not been knocking out sparring partners like Patterson has been doing.

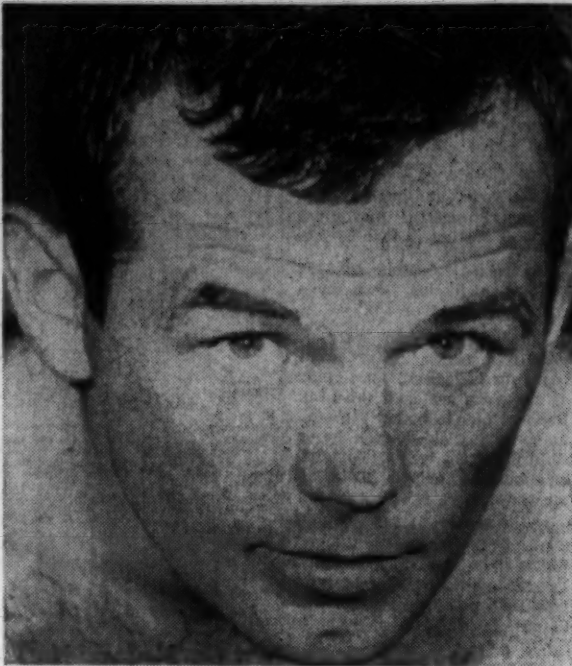

"If he is so good at knocking out men, why didn't he knock out Roy Harris and London easier. It is a hard thing to take on a new man you haven't fought and knock him out. It is easy to knock out men you fight every day."

Some alert press agent had planted a story about Cus D'Amato, Patterson's manager, having a "spy" in the Johansson camp. It brought a laugh from the Swede.

Contrary to general opinion, Johansson thinks he can win the fight on a decision. He doesn't feel he has to knock out Patterson to win.

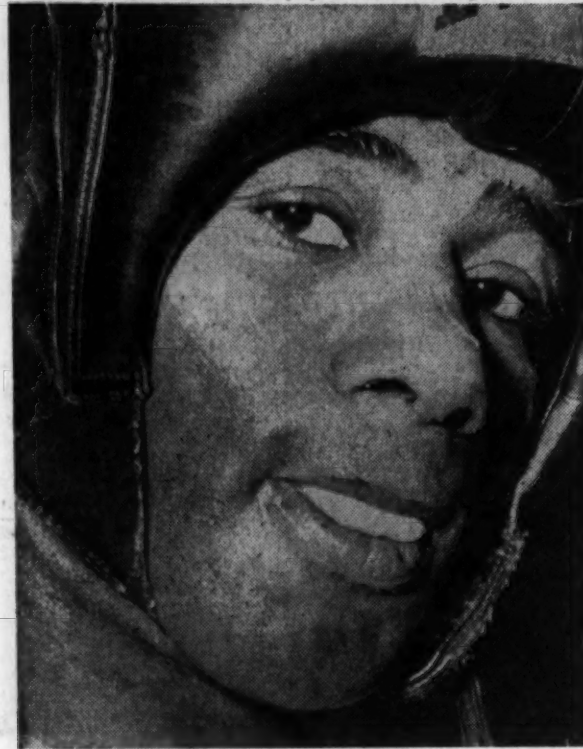

"I still say like I did when I first came over here that I can knock out any man I can hit with my right hand," he said. "And I think I can hit Patterson. Since I saw him in Indianapolis I think my chances are much better."

Johansson denied that he is holding back with his right hand in training because of an old injury. He broke his right thumb in

SWEDEN'S EYES AHEAD WITH WEEK TO GO
Ingemar Johansson Picture of Unconcern at Camp

the amateurs in 1951. However, some of the Swedish newsmen covering the camp feel that the hand may be a bit tender and he doesn't want to take any chances with it.

Tomy Lee's a Loser, So Fred Turner Quits

INGLEWOOD, Calif. (AP)—Kentucky Derby winner Tomy Lee's owner, furious because his star wore out and ran sixth after a disputed jockey change, Wednesday carried out his threat to quit racing.

Texas oil man Fred Turner Jr. said he is taking Tomy Lee out of training and will not run him in the upcoming \$100,000-added Hollywood Derby. He plans to sell him and 14 others from his stable.

Turner has been boiling since jockey Bill Shoemaker, who gave Tomy Lee his winning ride in the Kentucky Derby went East last Saturday for another assignment instead of riding Tomy Lee.

Turner said: "I leave with no hard feelings toward jockey Bill Shoemaker, who I think is one of the finest riders in the world, but I do not like the manner in which his agent, Harry Silbert, gave me his word that Shoemaker would ride Tomy Lee and then put 'Shoe' on another horse."

Silbert countered that there was no contract for Shoemaker to ride Tomy Lee, and that he advised

Turner's trainer, Frank Childs, that the jockey would not be available last Saturday.

"To change to a rider who is not used to the horse is an injustice to him. He is a good horse and doesn't deserve to be cheapened by performances that don't do him justice.

"I certainly do not blame jockey Pierce for his ride in the Cinema last Saturday. Any rider new to the horse could have had the same trouble. When a rider grabs hold of him, he fights him. Shoemaker was familiar with him and could prevent such a situation. I am sorry things turned out this way."

Turner flew here from Texas and made his threat to quit Tuesday. He announced his decision Wednesday.

He said Tuesday: "I've got myself into such a mess now that I've got to quit. I've got the best horse in the world in Tomy Lee and the finest old man there is training for me in Frank Childs, but when you get in a situation where you don't like the rules, you had better not play the game."

Browns Sign The Toe Groza

CLEVELAND (AP)—Lou (The Toe) Groza, 35-year-old tackle and star place-kicker, has signed a contract to play his 14th season with the Cleveland Browns, the National Professional Football League club announced Tuesday.

Groza, from Martins Ferry, Ohio, is the lone player who was with the Browns when the club was formed here in 1947.

The Browns also announced signing of four new men: halfback Dick Lebeau of Ohio State; end Joe Wenzel of Lehigh; linebacker Ray Reese of Bowling Green State University, and end John Stillwell of Northwestern who has just completed Marine duty.

When their summer training camp opens July 23, the Browns expect to have a roster of about 60 players.

'RUN, FRANKIE, RUN'

Gas Housers Sharp as Ever---With Needle

ST. LOUIS (AP)—The Gas Housers would rather not run and they aren't anxious to throw, but they proved their tongues are as sharp as ever in reliving their 1934 World Series victory Wednesday.

The fabled St. Louis Cardinals Gas House Gang couldn't resist the sharp jibes and kidded themselves as much as their teammates while movies of their Series victory over the Detroit Tigers were being shown.

"Look at those legs," said Frankie Frisch, gazing on a picture of himself at bat. The Dutchman, 37 that season, managed that swaggering, brawling crew.

"Aw come on, Frank, run," yelled one Gasouser as Frisch was thrown out stealing.

"There goes Dean, using his head again," said another as movies were shown of Paul Dean breaking up a double play by getting his head in the way of the ball.

A chorus of groans broke out as Ernie Orsatti was shown hit by a pitched ball.

Fifteen of the 22 living members of the storied 1934 team are here for 25th anniversary festivities. They donned replicas of their '34 uniforms.

"They must have took the uni-

MAYBE STAN MUSIAL (C) FIGURES CARDS COULD USE THIS PAIR NOW
Gas House Gang's Pepper Martin (L), Jess Haines Relive 1934 Memories

forms of me and Paul together to make mine," said Jerome (Dizzy) Dean—a legend all by himself. Dizzy weighs 255 now, quite a bit more than he did in winning 30 games for the '34 club.

More than one member of the gang had hoped he wouldn't

be asked to play an exhibition after ceremonies at the Cardinals-Philadelphia game.

Until they start joking and needing each other, the Gas Housers looked like any group of successful businessmen.

Joe (Ducky) Medwick, young-

est man on the '34 club, has added few pounds and could pass for a present-day veteran player. Others are white-haired.

Did you cut up as much as the story books say?

"I guess we did," said Jack

Rothrock. "But it was just part of our great competitive spirit."

"And don't let 'em tell you we drove Frisch crazy," Rothrock added. "He loved every minute of it."

Ford Frick, baseball's commissioner, recalled that fines of \$50 or \$100 didn't faze Frisch.

"But when it got up to \$150, Frank would quiet down for a couple of weeks or so."

Pepper Martin, famous for his head-first slides, drew some roars for his jolting series play as the gang watched the film. Pepper didn't bother to tell many of his old friends he is suffering from a shoulder dislocation and chipped bone in the socket.

Almost all of the old pitching staff was on hand—Jess Haines, Bill Walker, Tex Carleton, Jim Mooney and Bill Hallahan, plus both Paul and Dizzy Dean. Rip Collins, Spud Davis and Coach Buzzy Wares were there.

Dodgers Continue Spahn Hex And Waltz to 10-2 Triumph

Lefty Whacked For 5 Runs

LOS ANGELES (AP)—The Los Angeles Dodgers kept their old whammy on Warren Spahn Wednesday night, driving him out in a 5-run first inning as they defeated Milwaukee 10-2 in the opener of a doubleheader.

Right-hander Joey Jay (2-4) started the second game for the Braves against southpaw Danny McDevitt (4-6).

Spahn, now 8-8, had retired only one man when he was yanked in the opener after giving up a homer to Jim Gilliam, singles to Charlie Neal and Carl Furillo and a 3-run triple to rookie Frank Howard. Gilliam's homer was his first.

Spahn, who has a winning record against every team in the league except the Dodgers, now is 0-3 against them this year and 14-23 lifetime.

The Dodgers tagged him and his successors for 15 hits. Left-hander Sandy Koufax went the distance for Los Angeles, al-

lowing only five hits. The victory was his third against one loss. And his first complete game.

The Braves got their first run in the fifth, on Johnny Logan's seventh homer.

Petty Enters Columbia Race

COLUMBIA (AP)—A field of 30 drivers, headed by national point leader Lee Petty of Randleman, N.C., and Joe Weatherly of Norfolk, Va., have entered the 100-mile late-model Grand National Stock Car Race Thursday night at the Columbia Speedway.

Bob Welborn of Greensboro, N.C., and Jack Smith of Atlanta, winners of previous late-model races in Columbia, are other favorites in the race which carries a \$4,200 purse.

Petty will drive a 1959 Plymouth and Weatherly a Ford Thunderbird. Welborn and Smith will be in 1959 Chevrolets.

JUNIOR BASEBALL—Decaturites Invite All to LL's 'Day'

By PAUL ATKINSON
Say you like a parade? Say you like baseball? Say you go Little League?

Well, Saturday they're hanging up "Y'all Come" sign in Decatur for all District Three Little Leaguers. Occasion for this hoop-la is Little League Foundation Day.

Or in Decatur, by proclamation of Mayor C. E. Morgan, it's "Decatur Little League Day."

Around the nation, Little Leagues will be celebrating this annual event. It's THE big one on the Little League calendar.

District Three, incidentally, encompasses these leagues: Avondale, Belvedere, Brookhaven, Buckhead American and National, Clairmont, Decatur American and National, DeKalb Memorial, Glenwood American and National, Gresham Park, Midway Heights, North DeKalb, Sandy Springs and Tucker.

"We've got promises they'll send some teams," said parade coordinator Jack Thomas of the Decatur National League. "We'll meet at the First Baptist Church of Decatur at 9:15 a.m., head out at 10 a.m., go around the square and finish up at Decatur High School."

"For sure, both the major and minor Cards, Pirates, Braves, Tigers, Giants and Dodgers will have their queens along and Decatur city officials will head up the parade."

"We want to show these people in Decatur and around here just how many of our young people are participating in Little League baseball."

For further details, you Little Leaguers might contact Thomas at DR. 7-7850.

Around the Little Leagues:

FOREST PARK—Dodgers' Danny Benford got in a no-hit rut recently. Youngster hurled consecutive no-hitters at Braves and Reds, winning both by identical 7-0 scores. His 4-0 record, of course, is large reason Dodgers are 8-0. . . . Reds are 8-2 and Pirates 5-3. . . . Reds' Richard Evans fired a no-hitter also, but won 13-3 from Pirates. . . . Biggest hitters: Cubs' Richard Davis, 679, including 10-game hit streak; Reds' Paul Benefield, .586 with six homers; and Reds' Glenn Vaughn, .470.

GLENWOOD HILLS NATIONAL—Braves' Ed Barnes is swinging hot. 472 stick, and his club is 9-1 on the season. Other top batters: Dodgers' Ed Barnes and Tommy McNaley, .464 and .461, and Rebels' Ronnie Mosley, .428. . . . Cards' Mike Crotts paces homer hitters with four. Barnes and Giants' Neal Shattles have three apiece. . . . Giants are 8-2 in standings. Others: Dodgers, 4-6; Tigers, Rebels and Cards, all 3-7.

MIDWAY HEIGHTS—Cards came up with brilliant triple play Tuesday night. Shortstop Frank Thatch started it with a shoe-string catch, and it went from second baseman Jimmy Wilson to first baseman Joe Jackson. . . . DeKalb Police Braves are 10-1, way out front. Big bats for DeKalbers have been Jim Pepper and Lannie Pearce, who have flailed five and three homers apiece.

DECATUR AMERICAN—Indians managed to cling to first place, because of some opportune hitting. They stopped the Tigers, 4-2, getting only three hits, but one was shortstop Tommy Brooks' three-run triple. And the Red Sox fell, 8-7, though the Sox outlived 'em, 15-6. Tom English had three hits for the Indians; Bobby Tubb, Larry Lanford, Richard Adams and Jerry Underwood, three apiece for the Sox. . . . Largest offensive outburst was the Tigers' 10-11-year-olds' 19-9 whaling of the Braves Saturday. . . . Sonny Hayes authored a four-hit shutout as the Braves surprised the Senators, 9-0.

BUCKHEAD NATIONAL—Buckhead 50 Club clinched first half pennant Wednesday night as star pitcher Taylor Branch hurled a nifty one-hitter at Buckhead Jaycees, 3-1. Bill Shippey's two-run homer clinched it in first inning, handing Terry Serrells tough loss. . . . Branch earlier had worked league's first perfect game, emulating major league's Harvey Haddix. Branch struck out 14 of 18 men he faced, handled two assists in 6-0 win over Elks Club.

CLAIRMONT—Still the no-hitters come. Gary Wilson handcuffed the Dodgers, 10-0, whiffing 12. Only base runners came on a pair of errors. . . . Red Sox won first half with 8-2 report. . . . Joe Mangan, of the Indians, has slugged 10 homers and is the city's leading home run hitter.

TODAY'S GARDEN HINT

BETTER-TASTING TOMATOES!
A clean, healthy tomato is juicier, its flesh firmer, color brighter and tempting. Aphids, flea beetles, tomato worms and other insects weaken your plants as do blight, leaf spot and other diseases. So don't wait for trouble. Start now with "Eveready" Tomato Dust. Dust in early morning or late afternoon from now on. This wonderful insecticide-fungicide comes in easy-to-use squeeze-duster. Start using it now—enjoy juicy tomatoes! A scientific advance... backed by Union Carbide.

Cards Take Ninth In Last 11 Games

ST. LOUIS (AP)—The St. Louis Cardinals got strong relief help from rookie Marshall Bridges and three runs batted in each from Bill White and Ray Jablonski Wednesday night for a 10-4 victory over the last-place Philadelphia Phillies.

ning Wednesday breaking a 2-2 tie and giving the Chicago Cubs a 5-2 victory over the Pittsburgh Pirates.

With two out in the eighth Ernie Banks lined his third single to left and took second when Bob Skinner fumbled the recovery. Bobby Thomson was intentionally passed before Neeman's liner rolled past Skinner and bounced to the left field fence. Neeman was nearing third as shortstop Dick Groat finally retrieved the ball, and easily beat the relay to the plate.

It marked the fourth straight time the Cubs defeated Harvey Haddix, who suffered his fifth setback among nine decisions.

Going the distance for the seventh time in 12 starts, Haddix yielded 10 hits and fanned eight. He walked only two, one intentionally.

The Cubs scored in the first when Lee Walls' fourth homer hit the left field screen. The Pirates protested the ball did not leave the park, but were overruled by Umpire Bill Jackowski.

Coral Gables Gets East Point Crown

Miami Shores Also Winner; Stobs, Merrill Sparkle

By FRANK RAMOS

Two South Florida Swim teams, Coral Gables Swimming Club and the Miami Shores Country Club, swept first place honors in the boys and girls competition in the two day East Point Rotary Club swimming meet concluded Wednesday night.

The powerful Coral Gables entry piled up 193 points, 23 more than runner-up Atlanta Independent Swimmers Assn. to capture

the boys title. Lakeside Club of Louisville, Ky., finished a distant third with 140 points. Miami Shores Country Club was fourth with 87.

Paced by Shirley Stobs, one of the nation's outstanding female swimmers, Miami Shores edged Pompano Beach Swimmers Assn. by eight points, 166-158, for the girls crown.

Coral Gables was third with 134 points. Orange County Swimming Club was fourth with 116 while local entry, Ansley Golf Club, finished fifth.

Pam Sheets, a pert little 10-year-old from the Chicago suburbs, was one of the meet's outstanding swimmers, setting three national records for girls 10-and-under.

Wednesday, in the preliminaries, she broke the 50-yard freestyle record with a time of :32.1. Only an hour earlier she set a new standard in the 50-yard butterfly, churning the distance in 34.0. This was 1.1 seconds faster than the old mark.

In the morning trials Tuesday, Pam broke the 50-yard backstroke record with a 36.1 clocking.

Joel Lenzi of Coral Gables, but swimming unattached, and Miss Stobs were the meet's high point leaders. Miss Lenzi won four events including the high and low board diving competition.

Miss Stobs stroked to easy victories in the senior women's competition.

Harrison Merrill, one of Atlanta's outstanding male swimmers, dominated the showings in the senior men's competition. Merrill captured the 800-yard freestyle, and the 200 individual medley for boys 15-16.

Three new national standards were erased Wednesday. Pat Fleming of Pompano Beach won the 50-yard backstroke for girls 11-12 in the record time of :33.5.

The Coral Gables 10 and under relay team set a new mark in the 200-yard freestyle, bettering the old standard by more than five seconds. The quartet completed the distance in 2:12.3.

The Pompano Beach 200-yard medley relay girls' team completed the distance in 2:23.3 for a new record.

A TRIO OF EAST POINT CHAMPIONS, FRONT 'N' CENTER (L-R) Joel Lenzi, Shirley Stobs, Pam Sheets Took Four Events Apiece—

NOT ONE, BUT THREE NEW MARKS FOR PAM

By FRANK RAMOS

A national record holder in three events has no coach. It doesn't seem possible but that's the story of Miss Pam Sheets, a pert little 10-year-old competing in the East Point swimming meet.

In Wednesday afternoon's preliminaries Pam stroked her way to two national records for girls 10 and under. She first chopped 1.1 seconds off the 50-yard butterfly mark, churning the distance in 34.0. Then she proceeded to break the 50-yard freestyle standard with a time of 32.1. The old record was 32.2.

In the morning trials Tuesday Pam broke the 50-yard backstroke record with a 36.1 clocking.

Pam is currently without a swimming coach because her former coach has gotten a chance to move up and is now with the Indianapolis Swimming Club of Indianapolis, Ind.

Hailing from Prospect Heights, Ill., a suburb of Chicago, Pam has been working out on her own for the past two months.

She first began swimming two and a half years ago and broke her first national record at East Point last year.

Atlanta's Harrison Merrill easily outdistanced runner-up Billy Sulzby to win the 800-yard freestyle for senior men. Competing for Atlanta Independent Swimmers Assn., Merrill completed the distance in 10:34.1.

Hurt Muscle Hits Mazeroski

CHICAGO (AP)—An injured muscle in his left leg sidelined Pittsburgh Pirate second baseman Bill Mazeroski Wednesday after a string of 216 straight games in which he was a starting player.

Mazeroski injured the leg Tuesday helping his team to a 5-2 win over the Chicago Cubs.

He had played in every 1958 game, starting with the third, upon his return from a stint in the Armed Services.

MERCURY WORLD'S NO. 1 OUTBOARD PERFORMANCE

RUGGED? You bet, but it means the most dependable outboard for you!

Only Mercury has the rugged dependability and nimble performance to take jumps like this — and only Mercury can repeat this performance! Take a good look. Those are 45 hp, 4-in-line, Mark 58A's on that jumping cat! Would any competitive outboard dare try it?

Mercury jumps boats to prove engine ruggedness — to be sure the engines will thrive under treatment far rougher than they will meet in normal boating use — to insure that extra margin of safety for Mercury owners. Boat jumping is a thrill you may prefer to skip. But you can enjoy one of boating's biggest thrills. Just slide into the driver's seat of a Mercury rig. Touch the starter. Nudge the throttle. You move — but now! — in a quick, quiet surge of smooth power. That's Mercury performance!

Without stress or strain you breeze through sprits or long cruises. You negotiate snaky river turns and harbor traffic with the sureness only Mercury powerplants can give you. Mercury's confident way makes you confident too.

Want to pull a record crowd of skiers? Plane a big cruiser? Push a roomy houseboat? Set a new speed record? With the right engine, propeller and boat combination you can do them all with Mercury!

See your Mercury dealer and drive the boss of the world's outboards. You can prove to yourself that Mercury outperforms all others — does it smoothly, efficiently, economically — without ever "raising its voice". You can trade for as little as 10% down — with up to 24 months to pay.

Most Folks Find Themselves Better Off Than They Think

By W. M. KIPLINGER and Staff

If you think you haven't got any money, you're quite normal. Most people feel that way. Even many of those you think of as "rich" often complain about how hard it is to make ends meet.

But the chances are that you are better off than you think and that you will be better off in the future as your income rises. This is true of most people... probably is true of you... especially if you do a little planning now to get on the boom that's coming.

First thing to do is figure out where you stand today. Add up your assets and subtract your liabilities, and the odds are that you'll be surprised... find you have more than you think.

Here's the way to do it:

On the assets side, include: Cash in bank. Savings accounts. Cash value of life insurance. Equity in home or other real estate. Amount of pension fund or annuities. Market value of stocks, bonds, value of car. Money owed you. Value of business or other assets.

On the liabilities side, include: Mortgage debt outstanding. Loans. Any other debts.

Kiplinger's prediction at the bottom of the 1958 recession of another boom and more inflation is being proved daily. In this last of 12 special articles the world-famous authority shows how you can take advantage of the prosperity that lies ahead.

Subtract liabilities from assets, and you'll probably find more "net worth" than you expected... that you own more and owe less than you thought you did.

Once you do that, you can map out an investment program.

What is your goal? What do you want your investments to do?

1. To build a fund for your future use, such as augmenting your retirement pension or sending your children to college.
2. To protect the buying power of your money from inflation.

To do that, most people should have this kind of set-up:

... Enough life insurance to protect the wife and children in case the chief breadwinner should die.

A home with at least a substantial equity in it.

A backlog of savings big enough to carry through an emergency, such as loss of job or extended illness.

Some investment in other things, such as stocks, that will increase in dollar value as prices rise.

But be sure to get first things first. Don't just dive in, funnel so much money into any one thing that you wind up with an overall financial program that is badly out of balance.

Life insurance is a must for a man with a family.

A home, if properly kept up, will be an anchor to windward for most families. With building costs going up and up, the dollar value... the replacement cost... of the home will also keep rising. And the payments on the mortgage, if any, will amount to a sort of forced savings program.

Then, savings... highly essential. How much will be needed to tide over an illness or the loss of a job will vary widely... depends to considerable extent on the family's standard of living. But savings should be big enough so you won't be forced to sell any of your assets, such as stocks or real estate... such forced sales often result in a sacrifice, a financial loss.

Now, if your basic setup is sound, consider buying stocks. But buy them as an investment, count on holding them a long time.

Look first for "growth" stocks... stocks in companies that have top quality management and show promise of becoming even more profitable in the future. Don't just buy stocks in stable companies that go on for years earning the same amount of money.

Next, "diversify." Buy stocks in more than just one company. If your eggs aren't all in one basket, you'll have a better chance to pick at least some companies that will grow and expand.

Then, spread out your purchases. Don't buy everything all at once. Even if you have \$10,000, it probably would be wise for you to divide the money up into equal parts and invest each part at regular intervals, say six months.

The safest bet for small investors is an investment trust. It accepts money from a lot of people, pools it and then invests it in several or many companies. This spreads the risks... and it also gives the investor expert management of his money.

Here are examples of investment trusts worth looking into: Chemical Fund. Consolidated Investment Trust. State Street Investment Corp. Lehman Corp. Tri-Continental Corp.

This list isn't complete, of course... just representative. You can learn more about these and other investment trusts by reading some publications that make special studies of funds:

The American Institute for Economic Research, located at Great Barrington, Vt., makes annual comparisons of the funds. You can get a copy of this annual comparison for \$1.

Other publications are available. Any reputable broker can suggest things for you to read, and help you get them.

Another way to invest or get in on an investment club. These are clubs which have limited number of members. Each member pays in a small amount of money every month or so... often as little as \$15 to \$25. The money is then invested by the club, and the individual shares in the profit or loss that the club makes.

Most brokers are glad to help set up such clubs.

Now, if you want to invest directly, buy stocks yourself, you should, as we've said, look for growth stocks. It is often hard to pick out a stock that is sure to

Allstate Insurance To Set Up Subsidiary in Switzerland

SKOKIE, Ill.—Allstate Insurance Companies, wholly-owned subsidiary of Sears, Roebuck and Co., will enter the international market by establishment of a Swiss subsidiary, President Judson B. Branch announced here Wednesday.

The new subsidiary, a holding company, will be known as Allstate Insurance International and will form an operating company offering auto, accident, fire and liability insurance to Swiss customers, effective Aug. 1.

Allstate has been operating in Canada for a number of years and recently opened sales office in Hawaii and Alaska but has

grow. But you can look for those that give special attention to large expenditures for research, new processes, cutting labor costs... or that have the specialized know-how to appeal to mass markets... that develop and market new products... or own their own sources of raw materials.

Check sales and earnings for the past 10 years. The trend in both should be upward... and not just stable or static.

Note the fields the company is engaged in... whether they will expand... whether money is being put into research activities and new plants to market and sell new products... whether new plants are being built or older plants being modernized to make room for new products and to hold down labor costs.

Don't be bashful about making a small investment. Brokers will be glad to handle your order, for they hope that as you grow into a bigger customer they'll make worthwhile commissions.

Whatever you do, keep in mind the fundamental principles:

... Life insurance... to the family man it is a MUST.

... A home... if mortgaged, a mortgage you can handle.

... A cash reserve in savings or bonds.

... Then, after these, consider buying stocks.

You should think about the future, no matter where you stand.

The big reason is inflation. It is coming... and surely. It will shrink the dollar value of some of your fixed assets, such as life insurance, pension or retirement funds, annuities. It will increase the value of other assets, such as stocks and real estate.

So try to put at least part of your resources into assets that will grow. That's the best way to combat the evils of inflation... and to share in the future growth of America.
